COUNTY AUDITOR
Fort Bend County, Texas

Robert Ed Sturdivant
County Auditor

281-341-3769, 281-341-3744 (fax)
Ed.Sturdivant@fortbendcountytexas.gov

March 31, 2017

To the Honorable District Judges, Members of the Commissioners Court, and Citizens of Fort Bend County (the “County”), Texas:

According to Section 114.025 of the Local Government Code of the State of Texas, the County Auditor is required to submit an annual report to the Commissioners Court and District Judges of the County. This report is published to fulfill that requirement for the fiscal year ended September 30, 2016.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Whitley Penn, LLP has issued an unmodified (“clean”) opinion on Fort Bend County’s financial statements for the year ended September 30, 2016. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (“MD&A”) immediately follows the independent auditors’ report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

Fort Bend County is located in the Houston metropolitan area of southeast Texas. It encompasses a total of 875.0 square miles (562,560 acres). The terrain varies from level to gently rolling with elevations from 46 to 127 feet above sea level, with an average elevation of 85 feet. US 59 traverses the center of the County from northeast to southwest, while US 90A crosses from east to west. State Highways (SH) 6, 36 and 99 provide important north-south routes. Neighboring counties are Austin, Brazoria, Harris, Waller and Wharton.

Fort Bend County has approximately 11 square miles of surface water in rivers, creeks and small lakes. The County is drained by the Brazos and San Bernard Rivers as well as Oyster Creek. The Brazos River formed a broad alluvial valley, up to ten miles wide in places. The resulting fertile soils have been a major contributing factor to the agricultural industry in the County. The three permanently floatable

waterways in Fort Bend County are the Brazos River, the San Bernard River (south of Farm to Market Road 442), and Oyster Creek (south of State Highway 6). The section of the San Bernard River south of Interstate Highway 10 is a seasonally floatable waterway, shared on the west with adjacent counties. Soils vary from the rich alluvial soils in the Brazos River Valley to sandy loam and clay on the prairies. Native trees include pecan, oak, ash and cottonwood, with some old bottomland forests remaining along waterways.

The Commissioners Court, which is composed of the County Judge and four County Commissioners, is the governing body of the County. It has certain powers granted to it by the state legislature. Its duties include the approval of the budget, determination of the tax rates, approval of contracts, calling of elections, issuance of bonds, appointment of certain county officials, and the oversight responsibility of all the funds included in this report.

The County provides a full range of services to the citizens of the area. Among these services are public safety (sheriff, jail facilities, constables and fire marshal), road and bridge maintenance, drainage and flood control, health and welfare (ambulance paramedics, health and sanitation, indigent care, animal control, landfill, etc.), a eleven-branch library system, county/district judicial systems, and other state-supported programs. In accordance with standards established by the Governmental Accounting Standards Board (“GASB”), the County reports all funds for which the County, as the primary government, is financially accountable. The Fort Bend County Drainage District, Fort Bend County Assistance Districts (“CADs”), Fort Bend County Toll Road Authority, Fort Bend Grand Parkway Toll Road Authority, Fort Bend County Surface Water Supply Corporation, Fort Bend County Housing Finance Corporation, and Fort Bend County Industrial Development Corporation are considered to meet the criteria of component units. The Toll Road Authorities, Surface Water Supply Corporation, Housing Finance Corporation, and Industrial Development Corporation have been included in the report as discretely presented component units. The Drainage District and the CADs have been included in the combining statements in other supplementary information, as they are reported as blended component units.

Additional information about the County is available on the Fort Bend County website: <http://www.fortbendcountytx.gov/>.

Local Economy

Fort Bend County continues to experience growth in the local economy for fiscal year 2016. This is evident by the continued increases in new home sales, labor force, and employment rate. The demand for services regarding the governmental functions performed by the County increased again in 2016. The Commissioners Court remains conservative in its approach to the allocation of resources to serve the County’s needs to ensure that Fort Bend County is prepared as the local economy improves. This ongoing conservative approach will allow the County to meet the service demands of the residents in Fort Bend County.

Long-Term Financial Planning and Relevant Financial Policies

Budget

The County adopts a one-year budget through its fully coordinated financial planning process. The budget implements strategies, both financial and operational, identified through the strategic and long-range planning process to meet existing challenges and to effectively plan for future needs. The budget is a financial plan for a fiscal year of operations that matches all planned revenues and expenditures with the services provided the citizens of Fort Bend County based on the established budget policy. Decisions are

not based solely on current conditions but on the long-term welfare of the community. The budget is developed and resources allocated based on the vision, mission, and goals of the County.

Long-Term Comprehensive Plan

The County's Long-Term Comprehensive Plan outlines goals to be accomplished by the County through its various departments. Many of the specific goals have been met, but since all are long-term, many are still in the future. The County's departments are working hard to realize these goals on a continuing basis. We intend to achieve all the goals and objectives in the plan over time. These goals are as follows:

- Assure that the County is a safe and attractive place to live, work and play.
- Utilize state-of-the-art equipment and methods appropriately in the provision and timely delivery of authorized and allowed services.
- Provide the necessary support for mobility and transportation needs in the County.
- Promote a favorable environment for retaining and expanding existing businesses while attracting a wide variety of new businesses to provide employment opportunities.
- Support environmental concerns for preservation of natural and historic resources balanced with sensitivity to the needs of development and recreation.
- Encourage cultural development and ethnic diversity.
- Develop a quality, consumer sensitive, holistic approach to health and human services that keeps pace with the County's growth.
- Actively seek to increase and coordinate volunteerism and active citizen participation that strives for the good of the County as a whole.
- Work cooperatively with other governmental entities to complement their efforts.
- Operate the County government in the most fiscally responsible manner.
- Reorganize and consolidate departments under the direction of competent, trained senior managers who report to Commissioners Court.
- Regularly consider the decisions on behalf of the County with respect to the goals set forth in the plan. Review, update, and amend the plan on an annual basis.

Capital Improvement Program

The County maintains a multi-year Capital Projects Plan that includes two primary elements: facilities construction or remodeling and mobility projects. Mobility projects include all road projects fully or partially funded by the County and encompass county, municipal, and state roads.

Under the facilities construction plan for projects to be funded from the annual operating budget, all requested and anticipated construction projects are documented with annual costs of new personnel, furnishings, utilities, and other operating costs attached. Annually, the Commissioners Court selects projects from this list to be accomplished during the current fiscal year and determines the capital outlay associated with those projects. These capital costs are budgeted within Capital Outlay and moved to individual project budgets within the parent fund as the projects develop, and current year operating costs are budgeted in the applicable departmental budget.

The Commissioners Court presented a referendum to the voters in November 2015 to construct a judicial administration building, parking garage adjacent to the justice center, medical examiner's office, Sheriff's Office administration building, county-wide parks improvements, parks land acquisitions, Emergency Medical Services facility improvements, fairgrounds facilities, 5th Street community center expansion, Houston Community College Sienna campus acquisition, Missouri City branch library expansion/renovation, Sheriff's Office Katy area sub-station, and a new branch library west of Katy . The referendum was presented for a total of \$93.4 million and each proposition was passed by the voters as follows: Proposition 1 (parks and community centers) – 68.99%; proposition 2 (fairgrounds buildings,

parking and improvements) – 60.82%; proposition 3 (library facilities) – 69.92%; and proposition 4 (justice and public safety facilities) – 59.62%. These projects will be funded from the authorized referendum with a phased plan to meet the needs of the governmental functions. The first issuance of this authorization is planned in the summer of fiscal year 2017 as the initial projects reach construction phases.

Mobility Projects involve projects accomplished in cooperation with other entities, including the Texas Department of Transportation and other entities within Fort Bend County. The County's portion of these projects is being funded by bond authorizations approved in fiscal years 2007 and 2013. The County issued the remaining \$41 million of the 2007 authorization in May 2015 and plans to issue \$50 million of the 2013 authorization in fiscal year 2018. The County has issued a total of \$242 million in unlimited tax road bonds since fiscal year 2001. Individual projects have been completed at a total cost of approximately \$276.1 million with the aid of additional resources from other entities. The 2013 mobility bond authorization for \$184.9 million was approved by the voters in November 2013 by 73.26%. The remaining projects will be completed over the next eight years.

The Fort Bend County Toll Road Authority and the County began phase one of the Westpark Tollway extension in February 2016. The Authority issued \$64.4 million in first lien revenue bonds for the tolled lanes of phase one and preliminary construction of phase two in fiscal year 2016. The County will fund and finance the non-tolled lanes for phase one and phase two for an estimated amount of \$81.8 million from sources other than the general property tax levy.

Debt Policy

The purpose of Fort Bend County's Debt Policy is to establish guidelines for the utilization of debt instruments issued by the County whether payable from County taxes or payable from certain revenues of the County. Debt instruments may include general obligation tax bonds, revenue bonds, subordinate-lien bonds, commercial paper, variable rate demand notes, variable rate auction notes, bond anticipation notes, revenue anticipation notes, tax anticipation notes and capitalized leases, as well as combinations of the foregoing. These debt instruments shall only be used to fund the lease, purchase or construction costs of capital assets; to fund infrastructure improvements and additions; to refund or defease existing debt; to fund capitalized interest; to fund costs of issuance; or to make deposits to reserve funds and other funds required or provided for in debt instruments. Debt instruments will not be used to fund operating expenses except in extreme circumstances for very short terms. This policy will apply to all debt issued by the County or any district or authority where the Commissioners Court acts as the governing body. It also may apply to those entities over which the Commissioners Court has oversight authority if the entity's governing body approves a recommendation of the Commissioners Court to adopt this policy. This debt policy does not apply to debt issued by the Housing Finance Corporation, Industrial Development Corporation, or similar agencies operating in Fort Bend County but are responsible to another entity.

The County will ensure all uses of debt instruments are in compliance with all statutory requirements, and in accordance with the guidelines contained herein, outstanding ordinances, insurance covenants, and existing agreements. Further, the County will ensure that the utilization of any debt instrument provides the most prudent and cost-effective funding possible, taking all material matters into account.

Major Initiatives

Mobility remains one of the top priorities as the County continues to grow and develop. With the major roadways already heavily congested, mobility has been, and continues to be, a primary concern. Continued residential and commercial expansion has increased the use of County roads. Right-of-way

acquisitions for future roads have required more focus on future planning to prevent project delays. Completed road projects have proven to be effective in reducing congestion and enhancing safety within the County. As noted above in “Capital Improvement Programs” on pages iii-iv, the County is continuing with its mobility project initiatives as well as the extension of the Westpark Tollway in cooperation with the Fort Bend County Toll Road Authority.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (“GFOA”) awarded a Certificate of Achievement for Excellence in Financial Reporting to Fort Bend County, Texas, for its Comprehensive Annual Financial Report (“CAFR”) for the year ended September 30, 2015. This was the thirtieth consecutive year that the County has received this prestigious award.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

In addition, the County also received the GFOA's Distinguished Budget Presentation Award for its annual budget document dated September 30, 2015. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document must be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report could not be achieved without the efficient and dedicated services of the staff of the County Auditor's Office and Whitley Penn, LLP, our independent auditor.

Respectfully submitted,

Robert E. Sturdivant, CPA
County Auditor
Fort Bend County, Texas

FORT BEND COUNTY MISSION STATEMENT

Fort Bend County strives to be the most family friendly community in Texas by providing a high quality, enriching and safe environment. Each department and elective office provides fast, friendly service to its customers and continually strives to be number one in efficiency and effectiveness. The Commissioners Court fulfills its leadership role by providing necessary resources to the offices and departments to accomplish their duties and goals, by establishing budgets, policies and procedures to make the most efficient uses of the resources and by actively pursuing quality businesses to locate in Fort Bend County.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Robert E. Hebert, County Judge
and Members of Commissioners Court
Fort Bend County, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Fort Bend County, Texas, (the "County"), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Robert E. Hebert, County Judge
and Members of Commissioners Court
Fort Bend County, Texas

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 16 and other required supplementary information, as listed in the table of contents, on pages 70 through 85 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the budgetary comparison schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Robert E. Hebert, County Judge
and Members of Commissioners Court
Fort Bend County, Texas

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2017 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

FORT BEND COUNTY, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Fort Bend County, Texas (the "County"), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2016. The following narrative includes approximate values and percentages in the wording to summarize the schedules and financials in this report that include the exact values. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-v of this report.

Financial Highlights

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$1.2 billion ("net position"). Of this amount, there is a deficit of \$147.8 million in unrestricted net position due to the continued increase in pension and other post-employment benefits ("OPEB") liabilities.
- The County's total net position increased by \$99.7 million.
- As of the close of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$188.9 million, an increase of \$84.5 million from the prior year.
- At the end of the current fiscal year approximately \$37.9 million is available for spending at the government's discretion in the General Fund (unassigned fund balance). This unassigned fund balance amounts to 14.2% of total General Fund expenditures.
- The County's total assets and deferred outflow of resources increased by \$279.6 million and total liabilities and deferred inflows of resources increased by \$179.9 million during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. As noted above this narrative includes approximate values and percentages in the wording to summarize the schedules and financials in this report that include the exact values. This report also contains other supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents financial information on all of the County's assets, liabilities, and deferred inflows/outflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements present functions of the County that are principally supported by taxes (governmental activities). The governmental activities of the County include general administration, financial administration, administration of justice, construction and maintenance, health and welfare, cooperative services, public safety, parks and recreation, libraries and education, and interest on long-term debt.

The government-wide financial statements include not only the County itself (known as the primary government), but also legally separate entities for which the County is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself. The County's five discretely presented component units consist of the following:

- Fort Bend County Toll Road Authority
- Fort Bend Grand Parkway Toll Road Authority
- Fort Bend County Surface Water Supply Corporation
- Fort Bend County Housing Finance Corporation
- Fort Bend County Industrial Development Corporation

The government-wide financial statements can be found on pages 19 through 21 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 68 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the major governmental funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this comprehensive annual financial report.

The basic governmental fund financial statements can be found on pages 22 through 25 of this report.

Proprietary funds

The County uses internal service funds to report activities that provide services for the County's other programs and activities. The Employee Benefits Fund and Other Self-Funded Insurance Fund are the County's internal service funds. Their purpose is to provide for the accumulation of money for insurance and employee benefits used in County operations. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this comprehensive annual financial report.

The basic proprietary fund financial statements can be found on pages 26 through 28 of this report.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 29 of this report.

Combining component unit financial statements

The County's five discretely presented component units shown in aggregate on the face of the government-wide financial statements have individual information for each of the major discretely presented component units presented in the form of combining statements immediately following the fund financial statements of the primary government.

The combining component unit financial statements can be found on pages 31 through 33 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 34 through 68 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's progress in funding its obligation to provide pension benefits to its employees. The County adopts an annual appropriated budget for its General, Debt Service and certain special revenue funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. Required supplementary information can be found on pages 70 through 85 of this report.

Government-Wide Financial Analysis

The following table provides a summary of the County's net position at September 30, 2016 and 2015:

CONDENSED SCHEDULE OF NET POSITION

September 30, 2016 and 2015

	Primary Government Governmental Activities	
	2016	2015*
Current and other assets	\$ 281,703,650	\$ 181,965,423
Capital assets, net	1,734,291,246	1,595,376,676
Total Assets	2,015,994,896	1,777,342,099
Deferred outflows of resources	64,146,670	23,194,398
Long-term liabilities	807,687,216	639,298,197
Other liabilities	56,211,771	48,692,455
Total Liabilities	863,898,987	687,990,652
Deferred inflows of resources	4,233,692	264,230
Net Position:		
Net investment in capital assets	1,359,840,462	1,236,758,942
Restricted		1,852,069
Unrestricted	(147,831,575)	(126,329,396)
Total Net Position	\$ 1,212,008,887	\$ 1,112,281,615

*Net Position as of October 1, 2015 was increased by \$479.5 million due to the restatement of the carrying value of its capital assets. Restated prior year capital asset values have been presented in this schedule for comparative purposes. Refer to Note 17 for more detail about the restatement.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$1.2 billion at the close of the most recent fiscal year.

The County's capital assets (e.g., land, buildings, vehicles, machinery and equipment, office furniture and equipment, infrastructure, and construction in progress), less any related debt used to acquire those assets that is still outstanding, total \$1.4 billion. The County uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The deficit balance for unrestricted net position of \$147.8 million was primarily due to the growing OPEB and net pension liabilities.

The County's net position increased \$99.7 million from the prior year. This increase is primarily due to the following: increase in cash and investments of \$89.7 million due to the issuance of bonds for road and facilities projects; increase in due from component units of \$4.0 million due to an increase of accounts payable transactions at the end of September; increase in receivables of \$6.2 million; increase in capital assets of \$138.9 million due to construction of new facilities and construction and contribution of

new roads; an increase in OPEB liability of \$35.6 million, an increase of \$4.3 million due to the ambulance service overpayment liability; an increase of \$96.7 million in bonds payable and related premiums; and an increase in unearned revenue of \$2.9 million primarily due to reimbursement agreements with other jurisdictions to fund current debt service related to a specific project.

The following table provides a summary of the County's operations for the years ended September 30, 2016 and 2015:

SCHEDULE OF CHANGES IN NET POSITION

For the years ended September 30, 2016 and 2015

	Primary Government Governmental Activities	
	2016	2015**
Revenues		
Program revenues:		
Charges for services	\$ 51,970,902	\$ 47,638,105

Change in net position for the year	99,727,272	20,978,128
Net Position, Beginning - as originally presented	632,734,387	611,756,259
Change in capital assets **	479,547,228	479,547,228
Net Position, Ending	\$1,212,008,887	\$1,112,281,615

**During the fiscal year ended September 30, 2016, the County restated the carrying value of its capital assets. The restatement of prior year capital assets has increased the ending net position balance but the related activities have not been presented in this schedule. See Note 17 for more information on the restatement.

At the end of the current fiscal year, the County was able to report a positive balance in net position for the government as a whole. The same situation held true for the prior fiscal year.

Governmental activities increased the County's net position by \$99.7 million. This increase is up from last year's increase of \$21.0 million. The key elements of this change in net position are as follows:

- Increase in charges for services of \$4.3 million due to an increase in services from all the governmental functions.
- Increase in operating grants and contributions of \$1.3 million due to an increase of \$3.4 million in federal and state grant payments and reimbursements offset by a decrease of \$1.9 million in local funding on projects and grants.
- Increase in capital grants and contributions of \$93.9 million primarily due to an increase in infrastructure donated to the County.
- Increase in property taxes of \$5.6 million due to an increase in property valuations.
- Increase in sales taxes of \$1.2 million due to an increase in sales from current and new businesses located in the County Assistance Districts.
- Increase in earnings on investments of \$0.9 million due to an increase in investable cash and more aggressive investing.
- Increase in other revenue of \$0.4 million primarily due to facilities reimbursements received.
- General administration expenses increased by \$12.0 million primarily due to the following:
 - Increase of \$3.4 million in payroll and related costs.
 - Increase of \$0.7 million due to TIRZ payments made in the current year.
 - Decrease of \$0.8 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$1.1 million in pension and retirement costs.
 - Increase of \$3.4 million in operating expenses.
 - Increase of \$4.5 million in County Attorney fees due to a reimbursement of EMS Ambulance Services overpayments received from Medicare and other federal providers caused by incorrect billing in prior years.
- Financial administration expenses increased by \$0.7 million primarily due to the following:
 - Increase of \$0.6 million in payroll and related costs.
 - Decrease of \$0.3 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$0.4 million in pension and retirement costs.
- Administration of justice expenses increased by \$8.7 million primarily due to the following:
 - Increase of \$6.1 million in payroll and related costs.
 - Decrease of \$2.4 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$3.4 million in pension and retirement costs.
 - Increase of \$1.5 million in operating expenses.
- Construction and maintenance expenses decreased by \$2.4 million primarily due to the following:
 - Increase of \$1.1 million in payroll and related costs.
 - Increase of \$0.6 million in pension and retirement costs.
 - Decrease of \$0.5 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$2.7 million in fees paid by the County Assistance Districts.
 - Decrease of \$21.7 million in fees due to a decrease in payments made to other jurisdictions for contributions for infrastructure.
 - Decrease of \$1.3 million in assets donated to component unit.
 - Increase of \$15.3 million in depreciation due to the correction of infrastructure assets undervalued in prior years.
 - Increase of \$1.3 million in operating expenses.
- Health and human services expenses increased by \$6.4 million due to:
 - Increase of \$3.3 million in payroll and related costs.
 - Decrease of \$0.6 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$1.1 million in pension and retirement costs.

- Increase of \$2.6 million in operating expenses.
- Public safety expenses increased by \$1.2 million primarily due to the following:
 - Increase of \$3.3 million in payroll and related costs.
 - Decrease of \$1.4 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$1.9 million in pension and retirement.
 - Absence of \$2.7 million in radio replacements for the Sheriff's Office from the prior year.
- Parks and recreation expenses increased by \$0.4 million primarily due to the following:
 - Increase of \$0.2 million in payroll and related costs.
 - Increase of \$0.1 million in pension and retirement costs.
 - Increase of \$0.1 million in depreciation.
- Libraries and education expenses increased by \$0.8 million primarily due to the following:
 - Increase of \$0.6 million in payroll and related costs.
 - Increase of \$0.4 million in pension and retirement costs.
 - Decrease of \$0.3 million in allocation of the net operational activity of the Internal Service Funds.
 - Increase of \$0.1 million in operating expenses.
- Interest on long-term debt increased by \$0.9 million due to an increase in total debt.

Governmental revenues for fiscal year 2016 are graphically displayed as follows:

GOVERNMENTAL REVENUES

Governmental functional expenses for fiscal year 2016 are graphically displayed as follows:

GOVERNMENTAL FUNCTIONAL EXPENSES

Financial Analysis of the County's Funds

As noted earlier, fund accounting is used to demonstrate and ensure compliance with finance-related legal requirements.

Governmental Funds - The focus of the County's governmental funds is to provide information of near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

The combined governmental fund balance reached \$188.9 million. Of this, \$37.9 million is unassigned fund balance and available for day-to-day operations within the General Fund. \$8.3 million is committed fund balance for capital projects within the General Fund. \$142.5 million is restricted fund balance for General (\$0.3 million), Debt Service (\$1.1 million), Capital Projects (\$89.5 million), and the non-major special revenue funds (\$51.6 million). \$0.3 million is non-spendable fund balance for the General Fund (\$0.3 million) and the non-major special revenue funds (\$28.0 thousand).

There was an increase in the combined fund balance of \$84.5 million from the prior year for the governmental funds. This overall increase was made up of an increase in the Capital Projects Funds of \$77.4 million, a decrease in the Debt Service Fund of \$1.7 million, an increase in Non-major Special Revenue Funds of \$8.0 million, and an increase in General Fund balance of \$0.8 million, which is down from the previous year's increase of \$8.4 million. This net decrease in change in fund balance for General Fund of \$7.6 million is primarily due to the following factors:

- Increase in General Fund property tax allocation of \$22.6 million due to increased property valuations.
- Increase in fees of office collections of \$2.1 million due to increase in services from all the governmental functions.
- Increase in intergovernmental revenues of \$1.5 million primarily due to an increase in grant funding of \$2.6 million, offset by a \$1.0 million decrease in funding of projects from local jurisdictions.

- Increase in earnings on investments of \$0.4 million due to an increase in investable cash and more aggressive investing.
- Increase in miscellaneous revenues of \$1.1 million primarily due to a \$1.3 million reimbursement from County Assistance District #2 and \$1.4 million in facilities reimbursements received in the current year, offset by a decrease of \$1.7 million in sales proceeds.
- General administration expenditures increased by \$10.8 million primarily due to:
 - Increase in payroll and related costs of \$2.3 million due to added positions, cost-of-living adjustments, and an increase in insurance funding.
 - Increase of \$0.7 million in TIRZ payments.
 - Increase of \$1.0 million due to costs related to flooding events.
 - Increase of \$1.5 million in grant payments on the AirCheck Texas program.
 - Increase of \$4.5 million due to a reimbursement of ambulance services payments.
- Financial administration expenditures increased by \$0.7 million primarily due to an increase in payroll and related costs due to added positions, cost-of-living adjustments, and an increase in insurance funding.
- Administration of justice expenditures increase by \$7.0 million primarily due:
 - Increase in payroll and related costs of \$4.8 million due to added positions, cost-of-living adjustments, and an increase in insurance funding.
 - Increase of \$1.1 million for additional courts added during the current year.
 - Increase of \$0.8 million in costs of Public Defender grant.
- Health and welfare expenditures increased by \$5.0 million primarily due to:
 - Increase in payroll and related costs of \$3.2 million due to added positions, cost-of-living adjustments, and an increase in insurance funding.
 - Increase in 1115 Waiver project expenses of \$0.8 million.
 - Increase in Indigent Healthcare costs of \$0.5 million.
- Public safety expenditures increased by \$1.2 million primarily due to:
 - Increase in payroll and related costs of \$3.1 million due to added positions, cost-of-living adjustments, and an increase in insurance.
 - Decrease of \$1.6 million in non-capital project costs.
- Parks and recreation expenditures increased by \$0.2 million primarily due to an increase in payroll and related costs due to added positions, cost-of-living adjustments, and an increase in insurance funding.
- Libraries and education increased by \$0.8 million primarily due to:
 - Increase in payroll and related costs of \$0.5 million due to added positions, cost-of-living adjustments, and an increase in insurance funding.
 - Increase in maintenance costs of the Library facilities of \$0.2 million.
- Capital outlay increased by \$8.7 million primarily due to an increase in right of way acquisitions.
- Transfers out increased by \$0.6 million primarily due to:
 - Increase in funding of the Juvenile Probation fund of \$1.1 million.
 - Decrease in funding contribution to the Mobility Projects funds of \$0.4 million.

The Debt Service Fund balance decreased by \$1.7 million which is \$1.7 million less than the previous year's increase of \$25 thousand primarily due to a budgeted decrease in fund balance. The Debt Service Fund balance was budgeted for the current year to decrease by \$1.2 million; however, there was an actual decrease in fund balance of \$1.7 million. This variance was caused primarily by an increase of \$251 thousand in tax revenues collected over budgeted amount, and an increase in other financing uses of \$684 thousand attributable to debt refunding, which was unbudgeted.

Proprietary Funds - The County's proprietary funds consist of insurance related internal service funds.

The Employee Benefits Fund had a net position balance at fiscal year-end of \$4.4 million, which is an improvement of \$4.6 million over the prior year's deficit net position of \$0.2 million. This increase was primarily caused by an increase in county allocations to the Employee Benefits Fund.

The Other Self-Funded Insurance Fund has a net position balance of \$0.5 million at fiscal year-end, which is an improvement of \$2.0 million over the prior year's deficit net position balance of \$1.5 million. This increase was primarily to an increase in allocation for the Other Self-Funded Insurance Fund and a decrease in general administrative cost.

General Fund Budgetary Highlights

During the year there was a net decrease of \$12.8 million in expenditure appropriations between the original and final amended budget. The main components of this decrease were based on the following: \$8.2 million decrease for general administration; \$1.8 million decrease for health and welfare; \$0.4 million decrease in construction and maintenance; and \$2.0 million decrease for public safety.

General Fund revenues exceeded the amended budget by \$3.1 million for the year. The reasons for this surplus are detailed as follows:

- Property taxes resulted in a \$1.9 million excess over budget due to increased collection rate.
- Fees and fines resulted in \$1.2 million in excess revenues due to continued increased collections of fines, fees and court costs.

General Fund expenditures exceeded the amended budget by \$3.7 million for the year. This was primarily due to a major budgetary shortfall of \$4,487,147 for the County Attorney, caused by an unbudgeted reimbursement of ambulance service overpayments. There were also minor budgetary shortfalls within budget categories of some departments. These minor shortfalls were not covered by budget transfers at the end of the year due to materiality and that the overall departmental expenditure budget had a surplus. The individual governmental function's budgetary performance for significant negative variances is detailed as follows:

- In addition to the major budget shortfall for the County Attorney, general administration had one minor budget shortfall within individual budget categories for Facilities Management and Planning of \$4,272. These combined shortfalls did cause an overall budget deficit within general administration. Procedures have been put in place to prevent this in the future.
- Administration of justice had one budget shortfall within individual budget categories for County Court-at-Law #3 of \$235,258. This shortfall did not cause an overall budget deficit within administration of justice, however, procedures have been put in place to prevent this in the future.
- Health and welfare had one budget shortfall within individual budget categories for Ambulance-EMS of \$419. This shortfall did not cause an overall budget deficit within health and welfare, however, procedures have been put in place to prevent this in the future.
- Cooperative Services had one budget shortfall within budget categories for Extension Service of \$4,579. This shortfall did not cause an overall budget deficit with cooperative services, however, procedures have been put in place to prevent this in the future.

Capital Assets and Debt Administration

Capital Assets - At the end of fiscal year 2016, the County's governmental activities had invested \$1.7 billion in a variety of capital assets and infrastructure, as reflected in the following schedule. This represents an increase of approximately \$138.9 million over the previous fiscal year.

	Governmental Activities	
	2016	2015*
Non-Depreciable Capital Assets		
Land	\$ 417,808,330	\$ 383,866,412
Construction in progress	48,223,387	39,528,860
Depreciable Capital Assets, Net		
Vehicles	14,564,064	14,484,339
Office furniture and equipment	5,510,222	6,290,410
Machinery and equipment	11,054,002	10,443,148
Buildings, facilities and improvements	262,624,295	259,833,336
Infrastructure	974,506,946	880,930,171
Totals	\$ 1,734,291,246	\$ 1,595,376,676

*as restated. See Note 17 for more information.

Construction in progress at year-end represents: Road construction (\$38.4 million); facility construction and improvements (\$5.2 million); library construction (\$0.3 million); parks and fairgrounds improvements (\$1.9 million); software initiatives (\$1.3 million); transportation facility (\$0.8 million); and helicopter retrofit (\$0.4 million).

Long-Term Debt - The County had total bonds outstanding of \$410.6 million at fiscal year-end. This is an increase of \$68.9 million from the prior year due to the issuance of the 2016 Unlimited Tax Road and Refunding Bonds and the 2016 Facilities Limited Tax Road and Refunding Bonds, offset by scheduled debt service payments made during fiscal year 2016. OPEB liability increased by \$35.6 million based on the actuarial valuation dated September 30, 2016, to a total balance of \$256.9 million. Net pension liability increased by \$49.2 million based on the actuarial valuation dated December 31, 2015, to a total balance of \$70.6 million

	Governmental Activities	
	2016	2015
General obligation bonds	\$ 410,560,000	\$ 341,640,000
Premiums on bonds	62,444,495	34,625,782
Accrued compensated absences	7,195,732	6,948,338
Other post-employment benefits ("OPEB") obligation	256,897,972	221,281,360
Net pension liability	70,589,017	21,429,052
Totals	\$ 807,687,216	\$ 625,924,532

The County received an insured rating of Aaa from Moody's and Standard and Poors on issuances prior to 2009. Subsequent County issuances were not insured and therefore retained the uninsured ratings. The uninsured ratings were Aa1 from Moody's and AA+ from Fitch.

The Fort Bend County Housing Finance Corporation ("FBCHFC"), a component unit of the County, issues conduit debt in the form of tax-exempt bonds for the purpose of providing below-market interest rate financing to qualified homebuyers and developers of affordable rental housing, and sponsorship of the federal low-income housing tax credit program. The tax-exempt bonds issued by FBCHFC do not constitute a debt or pledge of faith by FBCHFC, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. As of September 30, 2016, approximately \$8.8 million of total bonds were outstanding.

The Fort Bend County Industrial Development Corporation (“FBCIDC”), a component unit of the County, issues conduit debt in the form of bonds to finance all or part of the cost of one or more projects as defined in the Development Corporation Act of 1979, Article 5190.6, Vernon’s Annotated Texas Civil Statutes, as amended. The bonds issued by the Corporation do not constitute a debt or pledge of faith by FBCIDC, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. As of September 30, 2016, approximately \$129.6 million of total bonds were outstanding.

Additional information on capital assets and long-term debt is available in Notes 6 and 8, respectively.

Economic Factors and Next Year’s Budgets and Rates

The County continues to enjoy growth in various demographic areas as the economy improves.

The population of the County is estimated at 716,087 in 2016 and is expected to grow to 807,660 by 2020.

The number of households has increased to 229,900 in 2016 and is expected to grow to 258,820 by 2020. Mean household income for 2016 is \$187,460 and is estimated to rise to \$205,547 by 2020. Income per capita is currently \$59,793 and is expected to grow to \$66,199 by 2020.

The Commissioners Court approved a \$346.3 million total budget for the 2017 fiscal year. This is a 8.77% increase over the adopted 2016 fiscal year budget. The increase in the budget is primarily due to payroll costs of \$30.3 million as a result of a county-wide cost of living increase along with 82 new positions. There was also a scheduled increase in debt service of \$1.9 million. These increases were offset by a decrease in capital outlay of \$ 4.0 million. The overall tax rate decreased from \$0.489 per \$100 of assessed valuation for 2016 to \$0.474 per \$100 valuation for 2017.

Requests for Information

This financial report is designed to provide a general overview of Fort Bend County, Texas finances for all of those with an interest in the County’s finances. Questions concerning this report or requests for additional financial information should be directed to Ed Sturdivant, County Auditor, 301 Jackson, Suite 701, Richmond, TX 77469, telephone (281) 341-3760.

FORT BEND COUNTY, TEXAS
RECONCILIATION OF THE BALANCE SHEET TO
THE STATEMENT OF NET POSITION
September 30, 2016

Total fund balances, governmental funds	\$ 188,916,459
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the fund financial statements, but are reported in the governmental activities of the Statement of Net Position.	1,733,644,115
Other long-term assets are not available to pay for current period expenditures and are therefore deferred in the funds.	33,861,822
Internal Service Funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the Internal Service Funds are included in governmental activities in the Statement of Net Position.	4,966,074
Some liabilities are not due and payable in the current period and are not included in the fund financial statements, but are reported in the governmental activities of the Statement of Net Position.	
Bonds payable	(410,560,000)
Deferred charges on debt refunding	9,171,473
Compensated absences	(7,195,732)
Other post-employment benefits ("OPEB") obligation	(256,897,972)
Premiums on issuance of debt	(62,444,495)
Net pension liability and related deferred outflows and inflows do not represent assets or liabilities in the current period and are not recognized in the governmental fund financial statements.	(19,847,512)
Accrued interest is not due and payable in the current period and therefore not reported in the funds.	<u>(1,605,345)</u>
Net Position of Governmental Activities	<u><u>\$ 1,212,008,887</u></u>

The accompanying notes are an integral part of these financial statements.

FORT BEND COUNTY, TEXAS**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES (GOVERNMENTAL FUNDS) TO THE STATEMENT OF ACTIVITIES***For the Year Ended September 30, 2016*

Net change in fund balances - total governmental funds	\$ 84,527,609
Adjustments for the Statement of Activities:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which current year capital outlay (\$61,611,363) exceeded depreciation (\$47,302,167) in the current period.	14,309,196
Capital contributions of infrastructure are reported in the government-wide financial statements but not in the fund financial statements.	124,838,215
Governmental funds report the entire net sales prices (proceeds) from the sales of capital assets as revenue because they provide current financial resources. The change in net position differs from the change in fund balance by the cost of capital assets sold.	(270,496)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental current financial resources funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Debt issued:	
General obligation and refunding bonds	(169,760,000)
Premium on bonds issued	(34,156,271)
Repayments:	
Principal repayments	18,480,000
Payment to escrow agent for refunding	89,544,194
Pension contributions made during the year, are treated as expenditures in the governmental funds but are treated as a reduction in pension liability in government wide financial statements.	16,282,151
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(247,394)
Accrued interest	(269,297)
Pension expense for the pension plan measurement year	(18,063,557)
Other post-employment benefit ("OPEB") obligation	(35,616,612)
Amortization of bond premiums	2,795,782
Amortization of deferred charge on refunding	(664,502)
Revenues that do not provide current financial resources are not reported as revenues in the governmental funds. This adjustment reflects the net change in receivables on the accrual basis of accounting.	1,377,194
Internal service funds are used by management to charge the costs of certain activities, such as insurance and equipment replacement, to individual funds. The net revenues (expenses) are reported with governmental activities.	<u>6,621,060</u>
Change in net position of governmental activities	<u>\$ 99,727,272</u>

The accompanying notes are an integral part of these financial statements.

FORT BEND COUNTY, TEXAS
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

Fort Bend County, Texas, (the "County") is a public corporation and a political subdivision of the State of Texas. The Commissioners Court, composed of four County Commissioners and the County Judge, all of whom are elected officials, govern the County.

The County is considered an independent entity for financial reporting purposes and is considered a primary government. As required by generally accepted accounting principles, these financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the County's financial reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations, or functions in the County's financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the County is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the County's financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments. Additionally, prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Blended Component Units

Blended component units, although legally separate entities, are, in substance, part of the County's operations and so data of these units are combined with data of the County. Each of the County's blended component units has a September 30 year-end. The following component units have been identified and are presented in a blended format in the government-wide financial statements:

Fort Bend County Drainage District (“District”)

Established under Section 59 of Article XVI of the Constitution of Texas, the District includes all of the property within Fort Bend County. The District was created for the purpose of reclamation and drainage of its lands. The District's governing body is the same as the County's and there is a financial benefit relationship between the County and the District. Financial information for the District is available at the Fort Bend County Auditor's Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

Fort Bend Flood Control Water Supply Corporation (“FBFCWSC”)

The FBFCWSC is a non-profit corporation organized for the benefit of the County to provide for the acquisition, construction and financing of flood control and drainage projects for the County. Upon completion, these projects are maintained by the Fort Bend County Drainage District. Commissioners Court appoints the Board of Directors and approves all budgets and expenditures. The Corporation provides services entirely to the County and the debt service of the Corporation is repaid entirely by the County. FBFCWSC was dissolved on October 28, 2015 and was shut down during the 2016 fiscal year. Financial information for the FBFCWSC is available at the Fort Bend County Auditor's Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

Fort Bend County Assistance Districts (“CADs”)

The CADs are special districts authorized for creation by counties under chapter 387 of the Texas Local Government Code. CADs have the power to impose a sales and use tax for the following purposes: (1) the construction or maintenance of roads and highways; (2) provision of law enforcement and detention services; (3) maintenance or improvement of libraries, museums, parks or other recreational facilities; (4) provision of services that benefit the public health and welfare, including fire-fighting services; and (5) promotion of economic development and tourism. Currently there are five CADs (#1, #2, #4, #5, and #6) within Fort Bend County. CADs are political subdivisions of the state and each CAD has its own governing body, which is a five member Board of Directors. Each CADs’ governing body is the same as the County’s and there is a financial benefit relationship between the County and the CAD. Financial information is available at the Fort Bend County Auditor’s Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

Discretely Presented Component Units

Discretely presented component units are presented in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. Each of the County’s discretely presented component units has a September 30 year-end. The following component units have been identified and are presented in a discrete format in the County’s government-wide financial statements:

Fort Bend County Toll Road Authority (“FBCTRA”)

The FBCTRA is organized under the Texas Transportation Corporation Act and the Texas Non-Profit Corporation Act. It was created to assist in the planning, designing, financing and building of county roads and highways. In particular, the FBCTRA is to assist in the building and operation of the Fort Bend Toll Road system that will extend from Sam Houston Parkway in Harris County to the Brazos River and the City of Fulshear in Fort Bend County. The County has financial accountability because it appoints a voting majority of the Board and the County can impose its will. Financial information is available at the Fort Bend County Auditor’s Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

Fort Bend Grand Parkway Toll Road Authority (“FBGPTRA”)

The FBGPTRA is organized under the Texas Transportation Corporation Act and the Texas Non-Profit Corporation Act. It was created to assist in the planning, designing, financing and building of county roads and highways. In particular, the FBGPTRA is to assist in the building and operation of the Fort Bend Grand Parkway Toll Road that will extend from the Westpark Tollway along State Highway 99 to US 59. The County has financial accountability because it appoints a voting majority of the Board and the County can impose its will. Financial information is available at the Fort Bend County Auditor’s Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

Fort Bend County Surface Water Supply Corporation (“FBCSWSC”)

The FBCSWSC was established for the purpose of conducting a feasibility study of a surface water facility in the area. Currently, its revenue sources are primarily from special districts, private corporations, and other entities interested in the study. The County has financial accountability because it appoints a voting majority of the Board and the County can impose its will. Financial information is available at the Fort Bend County Auditor’s Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

Fort Bend County Housing Finance Corporation (“FBCHFC”)

The FBCHFC was established under the Texas Housing Finance Corporation Act. It provides down payment assistance programs for individuals meeting certain income guidelines and serves as a conduit for activity related to bond issues for affordable housing in Fort Bend County. The tax-exempt bonds issued by the FBCHFC do not constitute a debt or a pledge of faith by the FBCHFC, but are payable by the user pursuant to terms defined in the loan agreements underlying each issue. The County has financial accountability because it appoints a voting majority of the Board and the

County can impose its will. Financial information is available by contacting the Fort Bend County Housing Finance Corporation, Thomas Shirley – President, 2214 Avenue H, Rosenberg, Texas 77471.

Fort Bend County Industrial Development Corporation (“FBCIDC”)

The FBCIDC was established under the Development Corporation Act of 1979 (“Act”). It facilitates the issuance of obligations in the form of bonds to finance all or part of the cost of one or more projects as defined by the Act. The bonds issued by the FBCIDC do not constitute a debt or a pledge of faith by the FBCIDC, but are payable by the user pursuant to terms defined in the loan agreements underlying each issue. The County has financial accountability because it appoints a voting majority of the Board and the County can impose its will. Financial information is available at the Fort Bend County Auditor’s Office located at 301 Jackson, Suite 701, Richmond, Texas 77469.

B. Implementation of New Standards

During the current fiscal year, the County implemented the following new standards:

- *GASB Statement No. 72, Fair Value Measurement and Application*, addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.
- *GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, clarifies the application of certain provisions of Statement No. 68 with regard to information that is required to be presented as notes to the 10-year schedules of required supplementary information about investment-related factors that significantly affect trends in the amounts reported.
- *GASB Statement No. 79, Certain External Investment Pools and Pool Participants*, address accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. This Statement establishes additional note disclosure requirements for qualifying external investment pools that measure all of their investment at amortized cost for financial reporting purposes and for governments that participate in those pools. Those disclosures include information about any limitations or restrictions on participant withdrawals.

C. Government-wide and Fund Accounting

The basic financial statements include both government-wide (based on the County as a whole) and fund financial statements. While the previous reporting model emphasized fund types (the total of all funds of a particular type), the GASB 34 reporting model focuses on either the County as a whole or on major individual funds (within the fund financial statements). Typically, both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business-type. All primary activities of the County are considered to be governmental activities; therefore no business-type activities are presented within the basic financial statements. In the government-wide Statement of Net Position, governmental activities are presented on a full accrual, economic resource basis, which incorporates long-term assets and receivables, as well as long-term debt and obligations.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (general administration, financial administration, public safety, etc.), which are otherwise being supported by general government revenues (property taxes, earnings on investments, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues. The program revenues must be directly associated with the function (general administration, financial administration, public safety, etc.).

The governmental funds major fund statements in the fund financial statements are presented on a current financial resource and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented which briefly explains the adjustments necessary to reconcile fund-based financial statements with the governmental column of the government-wide presentation.

The County's fiduciary funds are presented in the fund financial statements by type. Since, by definition, these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements. Since the County only reports agency funds, a statement of changes in fiduciary net position is not presented. All assets reported in agency funds should be offset by a corresponding liability, resulting in zero net position.

In the fund financial statements, the accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Following is a description of the various funds:

The County reports the following major governmental funds:

General Fund

The General Fund is the County's primary operating fund. It is used to account for all financial transactions not properly includable in other funds. The principal source of revenue is local property taxes. Expenditures include all costs associated with the daily operations of the County.

Debt Service Fund

This fund is used to account for the debt service transactions relating to the following bond issues: Unlimited Tax Road Bonds Series 2007, Fort Bend Flood Control Water Supply Corporation Refunding Bonds Series 2010, Facilities Limited Tax Bonds Series 2007, Unlimited Tax Road Bonds Series 2009, Justice Center Limited Tax Bonds Series 2009, Unlimited Tax Road Refunding Bonds Series 2009, Unlimited Tax Road Bonds Series 2012, Unlimited Tax Road Refunding Bonds Series 2014, Unlimited Tax Road and Refunding Bonds Series 2015, Facilities Refunding Bonds Series 2015 , Unlimited Tax Road and Refunding Bonds Series 2016, and Facilities and Justice Center Refunding Bonds Series 2016. Revenues in this fund are comprised of property taxes levied against property located in the County. These funds are restricted for the payment of debt service obligations.

Capital Projects Funds

These funds are used to account for bond sale proceeds and other revenues, which are being used to finance the construction and/or expansion of numerous roads in the County or the construction or improvement of County facilities. These funds are restricted pursuant to bond covenant.

The County also reports the following fund types:

Internal Service Funds

These funds are used to account for the County's employee benefits for employees, retirees, and their dependents, including medical and dental; and self-insurance programs, including workers' compensation, personal injury and property damage. The principal source of revenue is contributions paid by individual funds.

Agency Funds

These funds are custodial in nature and do not report operating results. They are used to account for assets held by the County as an agent for various local governments and individuals.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund-types are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing resources) and decreases (i.e., expenditures and other financing uses) in fund balance.

The government-wide statements of net position and statements of activities and all proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations of these activities are included on the balance sheet. Proprietary fund equity consists of net position. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

The accounts of the Governmental Fund Types (the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds) and certain component units are maintained, and the financial statements have been prepared, on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized when they become susceptible to accrual (i.e., both measurable and available). Available means collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Substantially all revenues, except property taxes, are considered to be susceptible to accrual. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as expenditures when due.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this general rule is that interfund services provided and used within the County are not eliminated in the process of consolidation. Elimination of these services would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: (1) charges to customers for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Revenues that are generated internally are reported as general revenues, including property taxes.

Proprietary funds present operating revenues and expenses as well as non-operating revenues and expenses. Operating revenues and expenses are generally derived from providing services and producing goods as part of ongoing operations. The principal operating revenues of the County's internal service funds are charges to users for services. The operating expenses for the County's internal service funds include administrative expenses and all costs associated with providing services. All other revenue and expenses are reported as non-operating revenue.

The financial statements of the proprietary fund types and certain component units are presented on the accrual basis of accounting. Under this method of accounting, revenues are recognized in the accounting period in which they are earned, and expenses in the accounting period in which they are incurred.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is used as an extension of formal budgetary control. Significant encumbrances outstanding at year-end are represented in aggregate within the respective fund balance category (restricted or committed) on the face of the balance sheet. Additional information regarding significant encumbrances is included in Note 13 on page 66 in the section entitled "Committed to". Unencumbered appropriations lapse at the end of the fiscal year.

F. Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, balances in privately managed local government investment pools and short-term investments with original maturities of three months or less from the date of acquisition. The County's local government investment pools are recorded at amortized cost, which approximates fair value, as permitted by GASB Statement No. 79, *Certain Investment Pools and Pool Participants*. For the purpose of the statement of cash flows, the proprietary fund types consider temporary investments with maturities of three months or less when purchased to be cash equivalents.

G. Investments

The County's investments, when held, are comprised primarily of U.S. Government Securities. The investments in U.S. Government Securities are generally held to maturity. The County reports investments at fair value.

The County categorizes fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

H. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

J. Capital Assets

Capital assets used in governmental and proprietary fund types of the government are recorded as expenditures of the General, Special Revenue, Capital Projects, and Internal Service Funds and as capital assets in the government-wide financial statements to the extent the County's capitalization threshold (currently \$10,000 on new assets) is met. Betterments to existing assets are capitalized if they meet the \$10,000 threshold. Depreciation is recorded on capital assets on a government-wide basis. Major outlays for capital assets and improvements are capitalized as projects are constructed and subsequently

depreciated over their estimated useful lives on a straight-line basis at the government-wide levels. All capital assets are valued at historical cost or estimated historical cost if actual cost was not available. Donated capital assets are valued at their estimated fair value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend assets' lives are charged to operations when incurred. Expenditures that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

The County applies a half-year convention for depreciation on all capital assets. Therefore, one half of a year of depreciation is charged to operations the first and last year that an asset is in service. Depreciation has been provided for plant and equipment using the straight-line method over the estimated useful life for the type of assets as follows:

<u>Asset Description</u>	<u>Estimated Useful Life</u>
Vehicles	5 to 7 years
Office furniture and equipment	5 to 7 years
Machinery and equipment	7 to 15 years
Buildings, facilities and improvements	5 to 39 years
Infrastructure	20 to 45 years

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The County has two items that qualify for reporting in this category:

- Deferred charges on refunding - A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Deferred outflows of resources for pension items - This deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of differences between expected and actual actuarial experiences. The deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The other pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan which is currently 6 years for the County plan.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County has only two items that qualifies for reporting in this category:

- Deferred inflows of resources for unavailable revenues - Reported only in the governmental funds balance sheet, unavailable revenues from property taxes arise under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

- Deferred inflows of resources for pension – Reported by the County in the government-wide financial statement of net position, these deferred inflows result primarily from differences between projected and actual earnings on pension plan investments. These amounts will be amortized over a closed five year period.

L. Due To and Due From Other Funds

During the course of operations, transactions occur between individual funds for specified purposes, such as lending/borrowing arrangements or amounts. Therefore, a receivable and payable are recorded in the proper funds. These receivables and payables are classified as "due from other funds" or "due to other funds" (or "due from component unit/primary government" or "due to component unit/primary government" if the transactions are between the primary government and a component unit).

M. Accrued Compensated Absences

All full-time employees accumulate vacation benefits in varying annual number of days up to a maximum of twenty days a year. Accumulated vacation exceeding twenty days lapses on December 31 of each year.

Compensatory time exceeding 80 hours is paid to nonexempt employees. In the event of termination, an employee is paid for all maximum allowable accumulation of vacation and compensatory time.

Sick leave benefits are earned by all full-time employees at a rate of eight days per year and may be accumulated without limit. Upon retirement, an employee may be eligible to receive a payment for up to one-half of their unused sick leave balance, not to exceed a maximum of \$5,000. In the event of any termination other than retirement, an employee is not paid for any unused sick leave.

A liability for accrued compensated absences is recorded in the government-wide financial statements.

N. Interfund Transfers

The County maintains numerous special revenue and capital project funds to account separately for monies that have been set aside for particular purposes. Often, these monies are initially budgeted in the General Fund during the annual budget process and are then transferred to various funds during the course of the fiscal year. In addition, when these projects are complete, these same funds often transfer residual monies back to the General Fund or some other fund, as determined by where the monies should be returned. These interfund transfers are classified as "transfers in" and "transfers out" within the primary government.

O. Net Position and Fund Balance

Net Position Classifications

Net position in government-wide financial statements are classified in three categories: 1) Net investment in capital assets, 2) Restricted net position, and 3) Unrestricted net position. Net position is shown as restricted if constraints placed on use are either (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Classifications

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes

for which amounts in the funds can be spent. Fund balances are required to be reported according to the following classifications:

Nonspendable Fund Balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.

Restricted Fund Balance - includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers. When restricted and unrestricted fund balance exists for the same purpose, restricted fund balance will be used first.

Committed Fund Balance – includes amounts that can only be used for the specific purposes determined by the County’s Board. The commitment of fund balance requires the highest level action of the Board to constitute a binding constraint on fund balance. This can only be achieved by majority vote of approval of the County’s Board to transfer an amount from fund balance for a specific purpose. This order requires the County Auditor to establish a special project account to manage the use of the committed fund balance over the period for which the purpose is achieved or served. These allocations are primarily made for capital purposes that extend beyond the fiscal year of the County. Commitments may only be changed or lifted by majority vote of approval of the County’s Board. The proposed action of the Board with regard to creation or modification of a commitment must also be clearly posted on the Board’s agenda in advance of taking any action.

Assigned Fund Balance – comprises amounts intended to be used by the County for specific purposes that are neither restricted nor committed. *Intent* is expressed by (a) the County’s Board or (b) a body (for example: a budget or finance committee) or official to which the County’s Board has delegated the authority to assign amounts to be used for specific purposes. As of the date of this report, the County’s Board has not authorized any other official to have the authority to assign fund balance; therefore the assignment of fund balance must be made by approval of the Board.

Unassigned Fund Balance – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. The General Fund is the only fund that reports a positive unassigned fund balance.

When various unrestricted fund balances are available for the same purpose, the County will use committed fund balance first, assigned fund balance next and unassigned fund balance last.

GASB 54 requires disclosure of any formally adopted minimum fund balance policies. The County’s policy is to budget to maintain a minimum fund balance of 15% of the County’s General Fund annual operating expenditures. If the actual fund balance drops below 15%, it shall be budgeted for recovery the following year. This policy is reviewed annually.

P. Reclassifications

Certain reclassifications to prior year balances have been made to conform to current year presentation. Such reclassifications have had no effect on the excess of revenues over expenditures.

Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual amounts could differ from those estimates.

R. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's defined benefit pension plan (the "Plan") administered by the statewide Texas County and District Retirement System ("TCDRS") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

S. Date of Managements' Review

In preparing the financial statements, the County has evaluated events and transactions for potential recognition or disclosure through March 31, 2017, the date that the financial statements were available to be issued.

NOTE 2 – DEPOSITS (CASH) AND INVESTMENTS

A. Authorization for Deposits and Investments

The Texas Public Funds Investment Act ("PFIA"), as prescribed in Chapter 2256 of the Texas Government Code, regulates deposits and investment transactions of the County.

In accordance with applicable statutes, the County has a depository contract with an area bank (depository) providing for interest rates to be earned on deposited funds and for banking charges the County incurs for banking services received. The County may place funds with the depository in interest and non-interest bearing accounts. State law provides that collateral pledged as security for bank deposits must have a market value of not less than the amount of the deposits and must consist of: (1) obligations of the United States or its agencies and instrumentalities; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal and interest on which are unconditionally guaranteed or insured by the State of Texas; and/or (4) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than A or its equivalent. County policy requires the collateralization level to be at least 110% of market value of principal and accrued interest.

Commissioners Court has adopted a written investment policy regarding the investment of its funds as defined by the PFIA. The investments of the County are in compliance with this policy. State statutes authorize the County to invest in fully collateralized or insured time deposits, direct debt obligations of the United States, and certain repurchase agreements. Investments in security repurchase agreements are authorized when the investment has a defined termination date, is secured by obligations described in the PFIA, is pledged to the County, is deposited with a third party selected and approved by the entity, and is placed through a primary government securities dealer or national bank domiciled in the State of Texas. The County did not invest in repurchase agreements for the year ended September 30, 2016.

B. Deposit and Investment Amounts

The County's cash and investments are classified as: cash and cash equivalents, and investments. Cash and cash equivalents include cash on hand, deposits with financial institutions, and short-term investments in privately-managed public funds investment pool accounts.

As of September 30, 2016, the County's cash deposits are either insured by FDIC or covered by collateral held by the County's agent in the County's name.

The following schedule shows the County's recorded cash and cash equivalents and investment pools as of year-end, excluding agency funds:

Investments	Governmental Funds	Internal Service Funds	Totals Governmental Activities	Component Units	Totals
Cash deposits	\$ 90,175,449	\$ 11,076,139	\$ 101,251,588	\$ 93,224,705	\$194,476,293
Investment pools:					
Texas CLASS	89,346,796		89,346,796	16,803,192	106,149,988
TexasTERM	2,358		2,358	1,012	3,370
LOGIC	3,041		3,041	1,020	4,061

FHLMC	22,047,766
FHLMC	19,287,844
FNMA	2,895,003
FFCB	8,020,594
Totals Cash and Investments	\$ 360,552,253

The fair values for all governmental securities are determined using Level 1 inputs.

Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS") is a local government investment pool organized under the authority of the Interlocal Cooperation Act, chapter 791, Texas Government Code, and the PFIA. Texas CLASS was established in 1996. Pursuant to the Trust Agreement, Texas CLASS is supervised by a Board of Trustees who are elected by the Participants. The Board of Trustees supervises the Trust and its affairs and acts as the liaison between the Participants, the Custodian and the Program Administrator. Cutwater Investor Services Corp. serves as Program Administrator. Cutwater Investor Services Corp. is a subsidiary of Cutwater Asset Management. Texas CLASS is considered a '2a-7 like pool' under Governmental Accounting Standards Statement No. 31; it

will operate the pool consistent with the SEC's Rule 2a7. It maintains a Net Asset Value of approximately \$1 per share.

The TexasTERM Local Government Investment Pool (“TexasTERM”) is organized in conformity with the PFIA. It provides for a fixed-rate, fixed-term investment for a period of 60 days to one year and includes TexasDAILY, a portfolio of the Local Government Pool, providing daily access to funds. An Advisory Board composed of participants in TexasTERM and other parties who do not participate in the Pool, has responsibility for the overall management of the Pool, including formulation and implementation of its investment and operating policies. PFM Asset Management LLC, a leading national financial and investment advisory firm, is the investment advisor to the pool. TexasTERM's TexasDAILY portfolio is considered a '2a-7 like pool' under Governmental Accounting Standards Statement No. 31; it will operate the pool consistent with the SEC's Rule 2a7. It maintains a Net Asset Value of approximately \$1 per share.

Local Government Investment Cooperative (“LOGIC”) is a local government investment pool organized under the authority of the Interlocal Cooperation Act, chapter 791, Texas Government Code, and the PFIA. The Pool was created in April, 1994 through a contract among its participating governmental units, and is governed by a board of directors, to provide for the joint investment of participant's public funds and funds under their control. LOGIC is considered a '2a-7 like pool' under Governmental Accounting Standards Statement No. 31; it will operate the pool consistent with the SEC's Rule 2a7. It maintains a Net Asset Value of approximately \$1 per share.

Wells Fargo Government Money Market Fund seeks current income, while preserving capital and liquidity. It invests in high-quality, short-term money market instruments that consist of U.S. Government obligation and repurchase agreements collateralized by U.S. Government obligations.

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the local government investment pools do not have any limitations and restrictions on withdrawals such as notice periods or maximum transaction amounts. These pools do not impose any liquidity fees or redemption gates.

C. Interest Rate Risk

As of year-end, the County had the following investments subject to interest rate risk disclosure, under U.S. generally accepted accounting principles:

	<u>Fair Value</u>	<u>Weighted Average Maturity (days)</u>	<u>Percentage of Total Portfolio</u>
Certificates of deposit	\$ 900,000	211	0.5%
Investment pools:			
Texas CLASS	106,149,988	56	64.0%
TexasTERM	3,370	55	0.0%
LOGIC	4,061	39	0.0%
Wells Fargo Government Money Market Fund	6,767,334	42	4.1%
Governmental securities:			
FHLMC	22,047,766	532	13.3%
FHLMC	19,287,844	349	11.6%
FNMA	2,895,003	879	1.7%
FFCB	8,020,594	1,008	4.8%
Total Fair Value	<u>\$ 166,075,960</u>		
Portfolio weighted average maturity		<u>214</u>	

It is the County's policy to select any individual investment with a maximum stated maturity of thirty-six (36) months. Portfolio maturities will be structured to meet the obligations of the County first and then to achieve the highest rate of return of interest. When the County has funds not required to meet current year obligations, maturity restraints will be imposed based upon the investment strategy for the group of funds.

D. Credit Risk

The County's investment policy does not require investments to hold certain credit ratings issued by nationally recognized statistical rating organizations. As of September 30, 2016, the County's investments in Texas CLASS, TexasTERM, and LOGIC were rated "AAAm" by Standard and Poor's. The County's investments in the Wells Fargo Money Market Fund was rated "AAAm" and "Aaa-mf" by Standards and Poor's and Moody's Investments, respectively.

E. Concentration of Credit Risk

It is the County's policy to diversify its portfolio to eliminate the risk of loss resulting from a concentration of assets in a specific maturity (save and except zero duration funds), a specific issuer or a specific class of investments. To achieve this diversification, the County will limit investments in specific types of securities to the following percentages of the total portfolio:

Investment Type	Maximum Investment %
Repurchase Agreements	up to 35%
Certificates of Deposit	up to 50%
U.S. Treasury Bills/Notes	up to 100%
Other U.S. Government Securities	up to 80%
Authorized Local Government Investment Pools	up to 80%
No Load Money Market Mutual Funds	up to 50%
Bankers Acceptances	up to 15%

It is the County's policy to select investments in order to provide stability of income and reasonable liquidity.

NOTE 3 - RECEIVABLES

Receivables, including applicable allowances for uncollectible accounts, as of September 30, 2016, were as follows:

	Governmental Activities			
	General Fund	Debt Service Fund	Capital Projects Funds	Non-major Special Revenue Funds
Receivables:				
Property taxes	\$ 5,459,031	\$ 367,872	\$	\$ 1,016,170
Sales taxes				1,179,353
Grants	10,567,490			821,109
Fines and fees	85,102,510			
Other	3,844,944	3,775,612	56,285	2,297,864
Gross receivables	<u>104,973,975</u>	<u>4,143,484</u>	<u>56,285</u>	<u>5,314,496</u>
Less: allowance for uncollectibles	(57,945,357)	(36,787)		(101,617)
Totals	<u><u>\$ 47,028,618</u></u>	<u><u>\$ 4,106,697</u></u>	<u><u>\$ 56,285</u></u>	<u><u>\$ 5,212,879</u></u>

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also postpone revenue recognition in connection with resources that have been received, but not yet earned. As of September 30, 2016, the various components of unavailable revenue reported in the governmental funds are as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Delinquent property taxes (General Fund)	\$ 4,913,128	\$
Delinquent property taxes (Road and Bridge Fund)	659,443	
Delinquent property taxes (Drainage District Fund)	255,110	
Delinquent property taxes (Debt Service Fund)	331,085	
Fines and fees (General Fund)	27,703,056	
Grant funds received prior to meeting all eligibility requirements		6,928,612
Total unavailable/unearned revenue for governmental funds	<u>\$ 33,861,822</u>	<u>\$ 6,928,612</u>

NOTE 4 – PROPERTY TAXES

The County's tax year covers the period October 1st through September 30th. The County's property taxes are levied annually in October on the basis of the Fort Bend Central Appraisal District's ("CAD") assessed values as of January 1st of that calendar year. Such taxes become delinquent on February 1st of the subsequent calendar year. The CAD establishes appraised values at 100% of market value less exemptions. The County's property taxes are billed and collected by the County's Tax Assessor/Collector.

A. 2015 Tax Year

Property taxes are prorated between the General, certain Special Revenue, and Debt Service Funds based on rates adopted for the year of the levy. For the 2016 fiscal year (2015 tax year), the County levied property taxes of \$0.48600 per \$100 of assessed valuation. The 2015 rates resulted in total adjusted tax levies of approximately \$261.6 million based on a total adjusted valuation of approximately \$53.4 billion. The total tax rate in the 2015 tax year was prorated as follows:

	<u>2015 Rate</u>	<u>2015 Limit</u>
General, certain Special Revenue and Debt Service Funds	\$ 0.46500	\$ 0.80000
Fort Bend County Drainage District	\$ 0.02100	\$ 0.25000
Total Tax Rate	<u>\$ 0.48600</u>	<u>\$ 1.05000</u>

B. Fort Bend Central Appraisal District

The Fort Bend Central Appraisal District ("CAD"), a separate governmental entity, is responsible for the recording and appraisal of property for all taxing units in the County.

The CAD is required by state law to assess property at 100% of its appraised value. Further, real property must be appraised at least every four years. Under certain circumstances, the taxpayers and taxing units, including the County, may challenge orders of the CAD's Appraisal Review Board through various appeals and, if necessary, legal action may be taken.

The Commissioners Court will continue to set the tax rates on the property. State law also provides that, if approved by the qualified voters in the County, collection functions may be assigned to the CAD.

NOTE 5 – INTERFUND ACTIVITY

During the year, cash advances are occasionally made between funds for various projects and situations, which create receivables and payables between these funds. All of these interfund balances are expected to be paid within one year. As of September 30, 2016, the interfund receivables and payables were as follows:

	Interfund Receivable	Interfund Payable
General Fund	\$ 13,100,151	\$
Capital Project Funds		8,535,383
Non-major Special Revenue Funds	112,444	4,097,223
	<u>13,212,595</u>	<u>12,632,606</u>
Internal Service Funds	36,090	616,079
Total Governmental Activities	<u>\$ 13,248,685</u>	<u>\$ 13,248,685</u>

Transfers totaling approximately \$13.8 million were made during the year primarily for the purpose of moving unrestricted fund revenues to finance various programs that the government must account for in other funds in accordance with the budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

	Transfers In	Transfers (Out)
General Fund	\$ 17,200	\$ 13,539,414
Non-major Special Revenue Funds	13,763,470	241,256
Total Governmental Activities	<u>\$ 13,780,670</u>	<u>\$ 13,780,670</u>

NOTE 6 – CAPITAL ASSETS

A summary of changes in the primary government’s capital assets for the year ended September 30, 2016, is as follows:

	Primary Government			Balances 9/30/16
	Balances 10/1/15 *	Increases	Decreases

NOTE 7 – AMBULANCE SERVICES OVERPAYMENT LIABILITY

Fort Bend County identified a technical compliance deficiency regarding billing of ambulance services to Center for Medicare and Medicaid Services (“CMS”) and other federal payers. This was confirmed with a statistically valid random-sample audit performed in August of 2016. The variance rate was calculated at 26.6%. Based on this error rate, Fort Bend County was overpaid by CMS and other federal payers by approximately \$3 million over a period of six years. With the additional penalty, the County will be required to reimburse approximately \$4.5 million. The technical deficiency was corrected as of January 31, 2016 and controls have been implemented to ensure full compliance with regard to all requirements of all funding entities of ambulance services provided by Fort Bend County. This liability is included in accounts payable and accrued expenses in the financial statements.

NOTE 8 - LONG-TERM DEBT

A. General Obligation Bonds and Long-Term Liabilities

Long-term liabilities applicable to the County’s governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. Long-term bonded debt as of September 30, 2016, is as follows:

Primary Government				
<u>Original Issue</u>	<u>Description</u>	<u>Interest Rate</u> %	<u>Matures</u>	<u>Debt</u> <u>Outstanding</u>
General Obligation Bonds				
\$ 126,675,000	Facilities Limited Tax Bonds, Series 2007	4.00 - 5.00	2031	\$ 4,845,000
48,940,000	Unlimited Tax Road Bonds, Series 2009	3.00 - 5.00	2029	4,245,000
73,430,000	Justice Center Limited Tax Bonds, Series 2009	3.00 - 5.25	2030	5,800,000
20,780,000	Unlimited Tax Road Refunding Bonds, Series 2009	3.00 - 5.00	2021	9,115,000
9,675,000	Fort Bend Flood Control Water Supply Refunding Bonds, Series 2010	2.50 - 4.00	2021	4,655,000
58,220,000	Unlimited Tax Road Bonds, Series 2012	2.00 - 5.00	2032	50,275,000
18,900,000	Unlimited Tax Road Refunding Bonds, Series 2014	1.00 - 5.00	2026	17,445,000
52,220,000	Unlimited Tax Road and Refunding Bonds, Series 2015A	2.00 - 5.00	2035	51,050,000
93,370,000	Facilities Limited Tax Refunding Bonds, Series 2015B	4.00 - 5.00	2031	93,370,000
75,340,000	Unlimited Tax Road and Refunding Bonds, Series 2016A	2.00 - 5.00	2036	75,340,000
94,420,000	Facilities Limited Tax and Refunding Bonds, Series 2016B	2.00 - 5.00	2036	<u>94,420,000</u>
Total General Obligation Bonds				<u><u>\$ 410,560,000</u></u>

The County issues general obligation bonds primarily for the purpose of funding construction projects. The Facilities and Justice Center Limited Tax Bonds were issued to provide funds for the construction of major County facilities. The Unlimited Tax Road Bonds have been issued to fund the acquisition of right-of-way and the construction of roads and bridges that are within the County’s major thoroughfare plan. The Fort Bend Flood Control Water Supply Refunding Bonds were issued to refund and defease the FBFCWSC’s outstanding Revenue Bonds, Series 2001, which were originally issued to fund the improvement of Big Creek as a component of the Drainage District infrastructure.

On June 6, 2016, Fort Bend County issued \$75,340,000 of Unlimited Tax Road and Refunding Bonds, of which \$28,070,000 was to refund and defease a material portion of the Unlimited Tax Road Bonds, Series 2009 of \$32,045,000. This advance refunding was undertaken to reduce total debt service payments over the next 13 years by \$5,763,175, and resulted in an economic gain of \$5,332,325. The remaining \$47,270,000 of this issue was new funding for County mobility projects. The deferred gain on this refunding was \$1,687,277.

On June 6, 2016, Fort Bend County issued \$94,420,000 of Limited Tax and Refunding Bonds, of which \$45,050,000 was to refund and defease a material portion of the Justice Center Limited Tax Bonds, Series 2009 of \$50,315,000. This advance refunding was undertaken to reduce total debt service payments over the next 14 years by \$10,364,450, and resulted in an economic gain of \$9,606,494. The remaining \$49,370,000 of this issue was new funding for various County facilities projects. The deferred gain on this refunding was \$1,955,142.

All of the County's outstanding bond issues are subject to federal arbitrage regulations. The County complies with the five year reporting requirements to the Internal Revenue Service for rebate calculation. As of the date of this report, the County has no contingent rebatable arbitrage.

A summary of long-term liability transactions of the County for the year ended September 30, 2016, follows:

	<u>Balance 10/1/15</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance 9/30/16</u>	<u>Amounts Due Within One Year</u>
Bonds payable:					
General obligation bonds	\$ 341,640,000	\$ 169,760,000	\$(100,840,000)	\$ 410,560,000	\$ 21,420,000
Premiums on bonds	<u>34,625,782</u>	<u>34,156,270</u>	<u>(6,337,557)</u>	<u>62,444,495</u>	
Total bonds payable	376,265,782	203,916,270	(107,177,557)	473,004,495	21,420,000
Accrued compensated absences	6,948,338	8,125,216	(7,877,822)	7,195,732	1,798,933
Other post-employment benefits ("OPEB") obligation	<u>221,281,360</u>	<u>42,570,952</u>	<u>(6,954,340)</u>	<u>256,897,972</u>	
Total Long-Term Liabilities	<u>\$ 604,495,480</u>	<u>\$ 254,612,438</u>	<u>\$(122,009,719)</u>	<u>\$ 737,098,199</u>	<u>\$ 23,218,933</u>

Bonded debt is funded primarily by property taxes from the Debt Service Fund. Accrued compensated absences are payable by the fund in which the individual positions are budgeted. General Fund and the Drainage District Fund have been used to fund current OPEB costs. As of the date of this report, the long-term portion of the OPEB liability is not funded.

Annual debt service requirements to maturity for the general obligation bonds are summarized as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2017	\$ 21,420,000	\$ 18,828,362	\$ 40,248,362
2018	21,840,000	17,908,919	39,748,919
2019	22,110,000	16,888,950	38,998,950
2020	23,045,000	15,794,125	38,839,125
2021	24,020,000	14,660,800	38,680,800
2022-2026	124,070,000	55,650,775	179,720,775
2027-2031	126,160,000	24,255,500	150,415,500
2032-2036	<u>47,895,000</u>	<u>4,935,550</u>	<u>52,830,550</u>
Totals	<u>\$ 410,560,000</u>	<u>\$ 168,922,981</u>	<u>\$ 579,482,981</u>

Discretely presented component units long-term bonded debt as of September 30, 2016, is listed below:

Discretely Presented Component Units				
Original Issue	Description	Interest Rate %	Matures	Debt Outstanding
Fort Bend County Toll Road Authority:				
Revenue Bonds				
\$ 30,775,000	Senior Lien Toll Road Revenue Bonds, Series 2012	2.00 - 4.125	2040	\$ 30,280,000
116,940,000	Unlimited Tax and Subordinate Lien Toll Road Revenue Refunding Bonds Series 2012	3.125 - 5.00	2032	112,635,000
45,000,000	Senior Lien Toll Road Revenue Bonds, Series 2014	2.00 - 5.00	2042	44,100,000
64,440,000	Senior Lien Toll Road Revenue Bonds, Series 2016	2.00 - 5.00	2045	64,440,000
Total Revenue Bonds				\$ 251,455,000

Fort Bend Grand Parkway Toll Road Authority:

Revenue Bonds				
\$ 155,085,000	Limited Contract Tax and Subordinate Lien Toll Road Revenue Bonds, Series 2012	3.00 - 5.00	2046	\$ 155,085,000
Total Revenue Bonds				\$ 155,085,000

A summary of long-term liability transactions of the discretely presented component units for the year ended September 30, 2016, follows:

Fort Bend County Toll Road Authority:

	Balance 10/1/15	Additions	Retirements	Balance 9/30/16	Amounts Due Within One Year
Revenue bonds	\$ 191,660,000	\$ 64,440,000	\$ (4,645,000)	\$ 251,455,000	\$ 5,390,000

B. Conduit Debt – Component Units

The Fort Bend County Housing Finance Corporation is authorized to finance residential housing by issuing tax-exempt revenue bonds to acquire mortgage loans as security for the payment of the principal and interest of such revenue bonds. The tax-exempt bonds issued by the Corporation do not constitute a debt or pledge of faith of the Corporation, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. As of September 30, 2016, \$8,829,000 of total bonds are outstanding.

The Fort Bend County Industrial Development Corporation is authorized to finance industrial development projects as defined by the Development Act of 1979 by issuing bonds. The bonds issued by the Corporation do not constitute a debt or pledge of faith of the Corporation, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. As of September 30, 2016, \$129,640,071 of total bonds are outstanding.

C. Defeasance of Debt

In fiscal year 2015, the County defeased a large portion of the Facilities Limited Tax Bonds, Series 2007 by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service on the refunded bonds. The trust account assets and the liability for the defeased bonds are not included in the County's basic financial statements. As of September 30, 2016, the outstanding balance of the Facilities Limited Tax Bonds, Series 2007 was \$100,470,000.

In fiscal year 2016, the County defeased a large portion of the Unlimited Tax Road Bonds, Series 2009 and a large portion of the Justice Center Limited Tax Bonds, Series 2009 by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service on the refunded bonds. The trust account assets and the liability for the defeased bonds are not included in the County's basic financial statements. As of September 30, 2016, the outstanding balance of the Unlimited Tax Road Bonds, Series 2009 was \$32,045,000, and the outstanding balance of the Justice Center Limited Tax Bonds, Series 2009 was \$50,315,000.

NOTE 9 – EMPLOYEE RETIREMENT SYSTEM

General Information about the Pension Plan

A. Plan Description

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System ("TCDRS"). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report ("CAFR") on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

B. Benefits Provided

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS ("TCDRS Act"). Members can retire with eight or more years of service at age 60 and above, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

All employees are eligible for non-duty disability benefits after 10 years of service and for duty-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. Death benefits equal two times the employee's final full-year salary. An employee who leaves County service may withdraw his or her contributions, plus any accumulated interest.

Benefit terms provide for annual cost-of-living adjustments to each employee’s retirement allowance subsequent to the employee’s retirement date. The annual adjustments are one-half of the change in the Consumer Price Index, limited to a maximum increase in retirement allowance of 2 percent for general employees and 3 percent for public safety employees. The Commissioners Court considers providing an additional cost-of-living adjustment after the employee’s retirement date beyond the terms of the plan during the budget process if sufficient funds are available.

C. Employees Covered by Benefit Terms

As of September 30, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	824
Inactive employees entitled to but not yet receiving benefits	1,734
Active employees	<u>2,752</u>
Total	<u><u>5,310</u></u>

D. Contributions

The employer has elected the annually determined contribution rate (“ADCR”) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. It was 12.14% for calendar year 2015 and 11.79% for calendar year 2016. The contribution rate payable by the employee members is 7% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

The County’s total payroll in fiscal year 2016 was \$138.4 million and the County’s contributions were based on a payroll of \$137.2 million. Contributions made by employees totaled \$9.6 million, and the County made contributions of \$16.3 million during the fiscal year ended September 30, 2016.

Net Pension Liability

The County’s net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

A. Actuarial Assumptions

The total pension liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Timing	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
Actuarial Cost Method	Entry Age Normal
Actuarial Cost Method	
Recognition of economic/demographic gains or losses	Straight-Line amortization over Expected Working Life
Recognition of assumptions changes or inputs	Straight-Line amortization over Expected Working Life
Asset Valuation Method	
Smoothing period	5 years
Recognition method	Non-asymptotic
Corridor	None
Inflation	3.00%
Salary Increases	3.50%
Investment Rate of Return	8.10%
Cost-of-Living Adjustments	Cost-of-Living Adjustments for Fort Bend County are not considered to be substantively automatic under GASB 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.
Mortality	
Depositing members	The RP-2000 Active Employee Mortality Table for males with a two-year set-forward and the RP-2000 Active Employee Mortality Table for females with a four-year setback, both projected to 2014 with a scale AA, and then projected with a 110% of the MP-2014 Ultimate scale after that.
Service retirees, beneficiaries and non-depositing members	The RP-2000 Combined Mortality Table projected to 2014 with scale AA, and then projected with 110% of the MP-2014 Ultimate scale after that, with a one-year set-forward for males and no age adjustment for females.
Disabled retirees	RP-2000 Disabled Mortality Table projected to 2014 with scale AA and then projected with 110% of the MP-2014 Ultimate scale after that, with no age adjustment for males and a two-year set-forward for females.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

B. Discount rate

The discount rate is the single rate of return that, when applied to all projected benefit payments results in an actuarial present value of projected benefit payments equal to the total of the following:

1. The actuarial present value of benefit payments projected to be made in future periods in which (a) the amount of the pension plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period and (b) pension plan assets up to that point are expected to be invested using a strategy to achieve the long-term rate of return, calculated using the long-term expected rate of return on pension plan investments.
2. The actuarial present value of projected benefit payments not included in (1), calculated using the municipal bond rate.

Therefore, if plan investments in a given future year are greater than projected benefit payments in that year and are invested such that they are expected to earn the long-term rate of return, the discount rate applied to projected benefit payments in that year should be the long-term expected rate of return on plan investments. If future years exist where this is not the case, then an index rate reflecting the yield on a 20-year, tax-exempt municipal bond should be used to discount the projected benefit payments for those years.

The determination of a future date when plan investments are not sufficient to pay projected benefit payments is often referred to as a depletion date projection. A depletion date projection compares projections of the pension plan's fiduciary net position to projected benefit payments and aims to determine a future date, if one exists, when the fiduciary net position is projected to be less than projected benefit payments. If an evaluation of the sufficiency of the projected fiduciary net position compared to projected benefit payments can be made with sufficient reliability without performing a depletion date projection, alternative methods to determine sufficiency may be applied.

In order to determine the discount rate to be used by the employer we have used an alternative method to determine the sufficiency of the fiduciary net position in all future years. Our alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability ("UAAL") shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
3. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for

GASB 68 purposes. Therefore, we have used a discount rate of 8.10%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.00%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

C. Long-Term Expected Rate of Return

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2016 information for a 7-10 year time horizon. Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2013.

Asset Class	Benchmark	Target Allocation (1)	Geometric Real Rate of Return (Expected minus Inflation) (2)
US Equities	Dow Jones U.S. Total Stock Market Index	14.50%	5.45%
Private Equity	Cambridge Associates Global Private Equity & Venture Capital Index (3)	14.00%	8.45%
Global Equities	MSCI World (net) Index	1.50%	5.75%
International Equities - Developed	MSCI World Ex USA (net)	10.00%	5.45%
International Equities - Emerging	MSCI World Ex USA (net)	8.00%	6.45%
Investment-Grade Bonds	Barclays Capital Aggregate Bond Index	3.00%	1.00%
High Yield Bonds	Citigroup High-Yield Cash-Pay Capped Index	3.00%	5.10%

Effect of plan changes	(3,757,840)		(3,757,840)
Effect of economic/demographic gains or losses	(4,826,769)		(4,826,769)
Effect of assumptions changes or inputs	5,221,392		5,221,392
Refund of contributions	(1,116,367)	(1,116,367)	
Benefit payments	(17,480,536)	(17,480,536)	
Administrative expenses		(341,868)	341,868
Member contributions		8,950,888	(8,950,888)
Net investment income		(3,695,830)	3,695,830
Employer contributions		15,499,968	(15,499,968)
Other		(697,460)	697,460
Balances as of December 31, 2015	<u>\$ 545,684,579</u>	<u>\$ 475,095,562</u>	<u>\$ 70,589,017</u>

E. Sensitivity Analysis

The following presents the net pension liability of the county/district, calculated using the discount rate of 8.10%, as well as what the Fort Bend County net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7.10%) or 1 percentage point higher (9.10%) than the current rate.

	1% Decrease 7.10%	Current Discount Rate 8.10%	1% Increase 9.10%
Total pension liability	\$ 621,773,657	\$ 545,684,579	\$ 482,713,228
Fiduciary net position	475,095,562	475,095,562	475,095,562
Net pension liability / (asset)	<u>\$ 146,678,095</u>	<u>\$ 70,589,017</u>	<u>\$ 7,617,666</u>

F. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2016, the County recognized pension expense of \$18,063,556 as follows:

Pension Expense	January 1, 2015 to December 31, 2015
Service cost	\$ 17,634,188
Interest on total pension liability	41,231,027
Effect of plan changes	(3,757,840)
Administrative expenses	341,868
Member contributions	(8,950,888)
Expected investment return net of investment expenses	(38,925,182)
Recognition of deferred inflows/outflows of resources	
Recognition of economic/demographic gains or losses	(857,308)
Recognition of assumption changes or inputs	870,232
Recognition of investment gains or losses	9,779,999
Other	697,460
Pension expense	<u>\$ 18,063,556</u>

Deferred Inflows / Outflows of Resources

As of the measurement date of December 31, 2015, the deferred inflows and outflows of resources are as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	\$ 4,233,692
Changes of assumptions	4,351,160	
Net difference between projected and actual earnings	37,864,200	
Contributions made subsequent to measurement date	12,759,837	
	<u>\$ 54,975,197</u>	<u>\$ 4,233,692</u>

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the December 31 measurement date, will be recognized in pension expense as follows:

Year ended December 31:	
2016	\$ 9,792,924
2017	9,792,924
2018	9,792,924
2019	8,537,127
2020	65,769
Total	<u>\$ 37,981,668</u>

NOTE 10 – DEFERRED COMPENSATION PLAN

The County offers all of its full-time employees a deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code. Nationwide Retirement Solutions, Security Benefit Life, and Edward Jones have been appointed as plan administrators. The plan permits employees to defer a portion

of their salary until future years. The deferred compensation is not available to the employees until termination, retirement, death, or emergency. Amounts of compensation deferred by employees under the plan provisions are disbursed to the plan administrators after each pay period. The plan administrators hold all funds invested in the plan and disburse funds to employees in accordance with plan provisions. The County does not maintain significant oversight of the plan administrators' activities.

NOTE 11 – OTHER POST-EMPLOYMENT BENEFITS (“OPEB”)

A. Plan Description

In addition to providing pension benefits through the Texas County and District Retirement System, the County sponsors and administers a single-employer defined benefit health care plan titled “Fort Bend County Employee Benefit Plan” (“Plan”). The Plan was established and approved by Fort Bend County Commissioners Court and Chapter 175 of the Local Government Code which provides eligible employees, retirees, and their eligible dependents with the following post-employment benefits:

- Eligible retirees have a portion of their medical and dental insurance premiums paid by the County for participation with the County’s healthcare provider; and at the County’s cost to cover current employees.
- Eligible dependents of retirees have a portion of their medical and dental insurance premiums paid by the County for participation with the County’s healthcare provider; and at the County’s cost to cover current employees.

The Plan does not issue a separate, publicly available report.

B. Funding Policy and Contribution Rates

The contribution requirements of the County and plan members are established and may be amended by Commissioners Court. These contributions are neither guaranteed nor mandatory. The County has retained the right to unilaterally modify its payments toward retiree healthcare benefits. The Plan provides for the payment of a portion of the health and dental insurance premiums for eligible retired employees and their dependents. Plan members receiving benefits contribute a percentage of the monthly insurance premium. Currently, the Plan pays a portion of the retiree’s premiums, as well as his or her dependent coverage. The retiree contributes the premium cost each month, less the Plan subsidy.

The County is statutorily required to permit retiree participation in the health insurance program on a pooled non-differentiated basis. The County, therefore, charges both groups an equal, blended rate premium. Although both groups are charged the same rate, GAAP requires the actuarial figures to be calculated using age adjusted premiums approximating claim costs for retirees separately from active employees. The use of age adjusted premiums results in the addition of an implicit rate subsidy into the actuarial accrued liability. However, the County has elected to contribute to the Plan at a rate that is based on an actuarial valuation prepared using the blended rate premium that is actually charged to the Plan.

The County recognizes its share of the costs of providing these benefits when paid, on a “pay-as-you-go” basis. These payments are budgeted annually. As of September 30, 2016, there were 824 retirees receiving benefits and approximately 2,752 active members not yet receiving benefits. Commencing in fiscal 2008, the County implemented GASB Statement No. 45 “Accounting and Financial Reporting by Employers for Post-employment Benefits Other Than Pensions.” The County has performed an actuarial valuation of its post-retirement benefit liability. The financial statement disclosures for 2016 are as follows:

C. Annual OPEB Costs and Net OPEB Obligation

For fiscal year 2016, the County's annual OPEB cost for the Plan was \$42,570,952. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for the year ended September 30, 2016, were as follows:

	Fiscal Year Ending 9/30/16
Determination of Annual Required Contribution	
Normal Cost at Fiscal Year End	\$ 23,303,760
Amortization of Unfunded Actuarial Accrued Liability	<u>22,720,479</u>
Annual Required Contribution ("ARC")	46,024,239
Determination of Net OPEB Obligation	
Annual Required Contribution	46,024,239
Interest on prior-year Net OPEB Obligation	8,851,254
Adjustment to ARC	<u>(12,304,541)</u>
Annual OPEB Cost	42,570,952
Less Assumed Contributions Made	<u>(6,954,340)</u>
Estimated Increase in Net OPEB Obligation	35,616,612
Net OPEB Obligation - Beginning of Year	<u>221,281,360</u>
Net OPEB Obligation - End of Year	<u><u>\$ 256,897,972</u></u>
Percentage of OPEB Cost Contributed	16.3%

D. Trend Information

The following table shows the estimated annual OPEB cost and net OPEB obligation for the prior three years assuming the plan is not prefunded (4% discount):

Fiscal Year Ended	Discount Rate	Annual OPEB Cost	Percentage of OPEB Cost Contributed	Net OPEB Obligation
2014	4%	\$ 35,741,230	13.3%	\$ 189,759,358
2015	4%	\$ 36,980,392	14.8%	\$ 221,281,360
2016	4%	\$ 42,570,952	16.3%	\$ 256,897,972

E. Funded Status and Funding Progress

A schedule of funded status as of the most recent actuarial valuation is as follows:

Actuarial valuation date	October 1, 2015
Actuarial value of plan assets (a)	\$ 0
Actuarial accrued liability ("AAL") (b)	\$ 350,708,226
Unfunded/(Overfunded) actuarial accrued liability ("UAAL" or "OAAL") (b-a)	\$ 350,708,226
Funded Ratio (a/b)	0.0%
Annual Covered Payroll (c)	\$ 127,676,972
UAAL or OAAL as % of covered payroll ((b-a)/c)	274.7%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability.

F. Actuarial Methods and Assumptions

The actuarial cost method used for determining the benefit obligations is a Projected Unit Credit Cost Method. Under this method, the actuarial present value of projected benefits is the value of benefits expected to be paid for current actives and retirees and is calculated based on certain assumptions and census data. The amortization period and method utilized was a 30 year level dollar closed period. The Actuarial Accrued Liability (“AAL”) is the actuarial present value of benefits attributed to employee service rendered prior to the valuation date. The AAL equals the present value of benefits multiplied by a fraction equal to service to date over service at expected retirement. The Normal Cost is the actuarial present value of benefits attributed to one year of service. This equals the present value of benefits divided by service at expected retirement. Since retirees are not accruing any more service, their normal cost is zero. In determining the Annual Required Contribution, The Unfunded AAL is amortized as a level dollar over 30 years. The actuarial assumptions included a 4% per annum discount rate for valuing liabilities. Employees eligible for retiree medical benefits assumed to elect continued medical coverage in retirement for themselves and their spouses is 100% and 40% respectively. The valuation assumes the following:

- Healthcare cost trend rates:
 - Pre-65 trend begins at 6.2% in fiscal year 2011 and falls to 4.7% in 2089.
 - Post-65 trend begins at 6.2% in fiscal year 2011 and falls to 4.8% in 2099.
 - Dental trend begins at 5.86% in fiscal year 2011 and falls to 3.95% in 2024.
- 4% per annum discount rate for valuing liabilities.
- Employees eligible for retiree medical benefits assumed to elect continued medical coverage in retirement for themselves and their spouses is 100% and 40% respectively.
- 2.75% inflation rate.
- No projected salary increases.

NOTE 12 – NET PENSION OBLIGATION AND OTHER POST-EMPLOYMENT BENEFITS FUNDING IN PRIOR YEARS

The governmental funds that have been used to fund the net pension obligation and other post-employment benefit obligations in prior years have been the General Fund and the Drainage District Fund. The Drainage District Fund has only funded these obligations for retirees that worked for that department through the date of their retirement. All other obligations for retirees have been funded within the General Fund.

NOTE 13 – FUND BALANCES

Fund balances are presented in the following categories: nonspendable, restricted, committed, assigned, and unassigned, as described in Note 1. Fund balances for all the major and non-major governmental funds as of September 30, 2016, were distributed as follows:

	<u>General Fund</u>	<u>Debt Service Fund</u>	<u>Capital Project Funds</u>	<u>Non-major Special Revenue Funds</u>	<u>Totals</u>
Nonspendable:					
Prepaid items	\$ 270,023	\$	\$	\$ 28,044	\$ 298,067
Subtotal	<u>270,023</u>			<u>28,044</u>	<u>298,067</u>
Restricted for:					
General administration	1,889			3,390,451	3,392,340
Financial administration				973	973
Administration of justice	245,276			3,452,656	3,697,932
Construction and maintenance			89,482,237	42,680,860	132,163,097
Health and welfare	10,758			136,997	147,755
Public safety				1,355,862	1,355,862
Library				626,017	626,017
Debt service		1,086,398			1,086,398
Subtotal	<u>257,923</u>	<u>1,086,398</u>	<u>89,482,237</u>	<u>51,643,816</u>	<u>142,470,374</u>
Committed to:					
Facility construction/renovation	625,957				625,957
Mobility road projects	1,906,590				1,906,590
Contract Management	165,200				165,200
Parks and Fairgrounds renovations	91,369				91,369
Highway 36 Rail Corridor	50,000				50,000
IT Infrastructure	176,459				176,459
Wetlands Mitigation	436,500				436,500
Willow Fork Drainage Project	34,381				34,381
Special Projects-Commissioners Court	603,032				603,032
Software projects	2,632,561				2,632,561
Right-of-way acquisitions	1,556,236				1,556,236
Subtotal	<u>8,278,285</u>				<u>8,278,285</u>
Unassigned	<u>37,882,243</u>			<u>(12,510)</u>	<u>37,869,733</u>
Total Fund Balances	<u>\$ 46,688,474</u>	<u>\$ 1,086,398</u>	<u>\$ 89,482,237</u>	<u>\$ 51,659,350</u>	<u>\$ 188,916,459</u>

NOTE 14 – CONTINGENCIES AND COMMITMENTS

A. Construction Contract Commitments

The County had several capital improvement commitments as of September 30, 2016. A contract between two parties does not result immediately in the recognition of a liability. Instead, a liability is incurred when performance has occurred under the contract. Until such time as performance takes place, these contracts represent a commitment rather than a liability. These commitments and their related construction in progress are summarized in Note 6.

B. Litigation and Other Contingencies

The County is contingently liable with respect to lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would not materially affect the financial position of the County as of September 30, 2016.

NOTE 15 - RISK MANAGEMENT

The County is exposed to various risks related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The County's risk management program encompasses various means of protecting the County against loss through self-insurance and obtaining property, casualty, and liability coverage through commercial insurance carriers. Settled claims have not exceeded insurance coverage in any of the previous three fiscal years. There has not been any significant reduction in insurance coverage from that of the previous year.

Liabilities have been recorded for workers' compensation, auto liability, general liability, and employee benefits. These liabilities are recorded when it is probable that a loss has occurred and the amount can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported ("IBNR"). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends, and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses regardless of whether allocated to specific claims. Non-incremental claim adjustment expenses have not been included as part of the liability for claims and judgments. However, estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate. A summary of the changes in the balances of claims liabilities for the years ended September 30, 2016 and 2015 is as follows:

Employee Benefits:

	Year ended 9/30/16	Year ended 9/30/15
Unpaid claims, beginning of year	\$ 2,970,451	\$ 3,653,931
Incurred claims (including IBNRs)	29,534,115	34,888,587
Claim payments	(29,577,387)	(35,572,067)
Unpaid claims, end of year	<u>\$ 2,927,179</u>	<u>\$ 2,970,451</u>

Other Insurance:

	Year ended 9/30/16	Year ended 9/30/15
Unpaid claims, beginning of year	\$ 3,475,912	\$ 3,449,991
Incurred claims (including IBNRs)	436,046	2,884,017
Claim payments	(360,231)	(2,858,096)
Unpaid claims, end of year	<u>\$ 3,551,727</u>	<u>\$ 3,475,912</u>

NOTE 16 – DEFICIT NET POSITION

As of September 30, 2016, the Fort Bend Grand Parkway Toll Road Authority has a deficit net position of \$7,122,920. This is caused by the issuance of bonds for the construction of the tolled overpasses along State Highway 99. Operating revenues from toll collections began in February 2014. Therefore, sufficient assets have not yet been generated to offset the liabilities, resulting in a deficit net position.

NOTE 17 – RESTATEMENT OF BEGINNING NET POSITION

Restatement of Capital Assets

During the 2016 fiscal year, it was discovered that in prior years, the County had understated the capitalized value of infrastructure donated to the County by other municipalities within the County, and understated the value of the construction in progress and capitalized value of roads built by the County. Therefore, during the 2016 fiscal year, the County made adjustments to its capital asset records to correct for these understatements, as well as minor adjustments to other capital assets due to misclassifications.

As a result of these adjustments, the County has restated its beginning capital asset amounts and accumulated depreciation, increasing beginning net position by \$479,547,228. The detail of this restatement is as follows:

Capital Assets:	
Construction in progress	\$ 12,945,789
Vehicles	18,000
Machinery and equipment	14,584
Infrastructure	<u>522,749,930</u>
	535,728,303
Accumulated Depreciation:	
Vehicles	18,000
Machinery and equipment	731
Infrastructure	<u>56,162,344</u>
	<u>56,181,075</u>
Net restatement due to capital assets	<u><u>\$ 479,547,228</u></u>

NOTE 18 – SUBSEQUENT EVENTS

Fort Bend County issued approximately \$3.8 million in tax notes in January 2017 to fund the construction of West Bellfort Road from Binion Lane to Harlem Road. The debt service on these notes will be paid from a Joint Participation agreement with the Municipal Utility District and a sales tax allocation from the Management District which the new road is located within.

FORT BEND COUNTY, TEXAS
NOTES TO BUDGETARY REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended September 30, 2015

Budgets

Formal budgets are legally adopted on a GAAP basis for the General Fund, certain Special Revenue Funds and all Debt Service Funds except for the Fort Bend Parkway Road District Unlimited Tax Bonds Debt Service Fund. The debt service requirements relating to the Parkway bonds are funded solely from property taxes levied on property within the Road District. The County does not present any major Special Revenue Funds as of September 30, 2016, regardless of whether there is a legally adopted budget.

Formal budgets (annualized budgeting) are not adopted in the Capital Projects Funds. Effective budgetary control in those funds is achieved through individual project budgeting in conformance with the provisions of bond orders and other sources.

The County Budget Officer prepares the proposed budget and submits the data to the Commissioners Court. A public hearing is held on the budget before finalizing it. The Court may increase or decrease the amounts requested by the departments. In the final budget, which is usually adopted in the last quarter of the year, appropriations of the budgeted funds cannot exceed the available fund balances in such funds at October 1, plus the estimated revenues for the ensuing year. During the year, the Court may increase budgeted revenues and expenditures for unexpected revenues or beginning fund balances in excess of budget estimates, provided the Court rules that a state of emergency exists. The legal level of budgetary control takes place at the major operating group level within each department. The four major operating groups are: salary and personnel costs, operating and training costs, information technology costs, and capital acquisition costs. Budgetary transfers between major operating groups within each department require Commissioners Court approval.

Amounts reported in the accompanying financial statements represent the original budgeted amount plus all supplemental appropriations.

Budgetary Basis

Fort Bend County budgets for operational and capital activity through the fiscal year budget process for the General Fund, Road & Bridge, Drainage, and Debt Service Fund. The General Fund includes a multi-year budget that is not confined to the fiscal year ending September 30. This multi-year budget is used to account for capital projects, grants, and other activity expanding beyond the fiscal year. The funding for these projects and grants originates from a prior or current fiscal year budget allocation that is then transferred to the multi-year project budget. The following schedule shows a reconciliation of the actual activity in the General Fund in the fiscal year from a budgetary to GAAP basis.

	Actual Amounts Budgetary Basis	Actual Multi-Year	Actual Amounts GAAP Basis
General Fund			
Revenues	\$ 247,659,195	\$ 33,975,821	\$ 281,635,016
Expenditures	215,380,763	51,977,621	267,358,384
Excess (Deficiency) of Revenues Over (Under) Expenditures	32,278,432	(18,001,800)	14,276,632
Other Financing Sources (Uses)			
Transfers in		17,200	17,200
Transfers (out)	(13,539,414)		(13,539,414)
Total Other Financing Sources (Uses)	(13,539,414)	17,200	(13,522,214)
Net Change in Fund Balance	18,739,018	(17,984,600)	754,418
Fund Balance, Beginning of Year			45,934,056
Fund Balance, End of Year			<u>\$ 46,688,474</u>

Excess of Expenditures over Appropriations

For the year ended September 30, 2016, significant variances where expenditures exceeded appropriations in the following budget categories are detailed below:

General Fund:

General Administration:

Facilities Management and Planning - Salaries and personnel costs	\$ 4,272
County Attorney - Operating costs	4,475,114
County Attorney - Capital acquisitions	12,033

Administration of Justice:

County Court-at-Law #3 - Operating costs	235,258
--	---------

Health and Welfare:

Ambulance - EMS - Capital acquisitions	419
--	-----

Cooperative Services:

Extension Service - Capital acquisitions	4,579
--	-------

Debt Service Fund:

Total expenditures	112,391
--------------------	---------

The excess expenditures in the General Fund for County Court-at-Law #3, Ambulance – EMS, and Extension Service were funded from other available budgets within each governmental function. The excess expenditures for County Attorney caused an overall budget deficit in general administration, which was unable to be funded by the other governmental functions within General Fund, but did not cause a deficit for the General Fund overall. Procedures have been put in place to prevent these excess expenditures over budget in the future.

Other Supplementary Information

**Combining and Individual Fund
Statements and Schedules**

FORT BEND COUNTY, TEXAS
NON-MAJOR FUND DESCRIPTIONS

Special Revenue Funds

Fort Bend County Assistance Districts

This fund is used to account for the receipts and disbursements of the Fort Bend County Assistance Districts. Revenues are derived mainly from sales tax. These funds are restricted by state statute. This includes Funds 130, 131, 133, 134, and 135.

Fort Bend County ESD 100 Agreement

This fund is used to account for the receipts and disbursements from the sales tax allocation derived from the agreement with the Fort Bend County Emergency Services District 100. The District is a political subdivision of Texas that is entrusted with providing emergency medical and fire services to within its District boundaries. These funds are restricted by the interlocal agreement for mobility improvements along FM 1093 within the District. This includes Fund 145.

Juvenile Operations

This fund is used to account for the receipts and disbursements of the Fort Bend County Juvenile Probation Department. Monies deposited into this fund are received from the Fort Bend County General Fund as well as various state and federal agencies. These funds are restricted for the support of juvenile probation pursuant to state statutes and granting agencies with the exception of the nonspendable portion of fund balance which is due to prepaid items. This includes Fund 150.

Road and Bridge

This fund is used to account for the costs associated with the construction and maintenance of roads and bridges. Revenues are derived mainly from ad-valorem taxes, intergovernmental revenues, and fees and fines. These funds are restricted pursuant to state statute with the exception of the nonspendable portion of fund balance which is due to prepaid items. This includes Fund 155.

Drainage District

This fund is used to account for the receipts and disbursements related to the reclamation and drainage of lands located within the County. Revenues are derived mainly from ad-valorem taxes. These funds are restricted pursuant to state statute with the exception of the nonspendable portion of fund balance which is due to prepaid items. This includes Fund 160.

Lateral Road

This fund is used to account for the receipts and disbursements of funds received from the State that are restricted for constructing new County roads and maintaining existing ones. These funds are restricted pursuant to state statute. This includes Fund 165.

County Historical Commission

This fund is used to account for funds donated to the County by private citizens and is restricted for spending on Texas historical markers. These funds are restricted pursuant to donor requirements. This includes Fund 170.

Utility Assistance

This fund is used to account for the receipts and disbursements related to private and public donations made to Fort Bend County. The monies are restricted for assisting Fort Bend County residents that demonstrate an inability to pay their various utility bills. These funds are restricted pursuant to grant and donor requirements. This includes Funds 175, 185, and 190.

County Law Library

The law library fund was created by Commissioners Court pursuant to Article 1702h, Revised Texas Civil Statutes, for the establishment and maintenance of the County Law Library. Revenues are derived from law library fees assessed against each civil case filed in the County Court, County Court-at-Law, and the District Courts, except tax lawsuits. These funds are restricted pursuant to state statute with the exception of the nonspendable portion of fund balance which is due to prepaid items. This includes Fund 195.

Gus George Law Academy

This fund is used to account for the transactions of the school operations of the County Law Enforcement Academy. The program is mainly funded from reimbursements from the State via the Houston-Galveston Area Council. These funds are restricted pursuant to grant requirements with the exception of the nonspendable portion of fund balance which is due to prepaid items. This includes Fund 200.

Library Donations

This fund is used to account for donations by private citizens, which are used for the purchase of books and equipment for the County library system. These funds are restricted pursuant to donor requirements. This includes Fund 215.

Probate Court Training

This fund is used to account for the collection of certain probate fees, which are restricted for the use of continuing education of the probate staff pursuant to state statute. This includes Fund 235.

Juvenile Alert Program

This fund is used to account for fees collected from the parent, guardian, or custodian of a juvenile who participates in the alternative rehabilitation program administered by Juvenile Probation. These funds are restricted pursuant to state statute. This includes Fund 245.

Juvenile Probation Special

This fund is used to account for fees collected from the parent, guardian, or custodian of a juvenile who by order of a court, is required to pay the fee. The fees collected may only be used for juvenile probation or correction services or facilities. These funds are restricted pursuant to state statute. This includes Fund 250.

District Attorney Bad Check Collection Fee

This fund is used to account for the fees earned by the District Attorney for the collection of bad checks issued in the County. The District Attorney has the sole discretion to dispose of the fees. These funds are restricted pursuant to state statute. This includes Fund 260.

Gus George Memorial

This fund is used to account for the receipts and disbursements of funds that were donated to the County in memory of the late Gus George, former County Sheriff. The funds are restricted for law enforcement activities of the Sheriff's department pursuant to donor requirements. This includes Fund 265.

District Attorney Special Fun Run

This fund is used to account for receipts and disbursements from proceeds of an annual fun run sponsored by local merchants through the District Attorney's office. The money is disbursed to Crime Victims Alliance Corporation with Commissioners Court approval. These funds are restricted pursuant to donor requirements. This includes Fund 275.

County Attorney Salary Supplement

This fund is used to account for funds received from the State to supplement the salary of the County Attorney and staff. These funds are restricted pursuant to state statute. This includes Fund 280.

Records Management - County

This fund is used to account for fees assessed and collected in criminal cases to fund records management and preservation services performed by the County. These funds are restricted pursuant to state statute. This includes Fund 285.

VIT Interest

This fund is used to account for interest earned on prepayments of vehicle inventory taxes by automobile dealers. The money is held in an escrow bank account by the Tax Collector and the interest is used by the Tax Collector to defray the costs of administration. These funds are restricted pursuant to state statute. This includes Fund 290.

Elections Contract

This fund is used to account for receipts and expenditures related to money paid to the County Election Officer under an election services contract. As per Section 31.093, Texas Election Code the fund is administered by the Elections Administrator and audited by the County Auditor. These funds are restricted pursuant to state statute. This includes Fund 300.

Asset Forfeitures

This fund is used to account for the receipts and disbursements of funds awarded by the courts and confiscated from drug traffickers. These forfeitures are restricted for expenditures to deter drug trafficking activities in the County. These funds are restricted pursuant to state statute. This includes Funds 225, 255, 305, 310, 315, 320, 332, and 335.

County Child Abuse Prevention

This fund is used to account for fees collected by the County which are used to fund child abuse prevention programs in the County where the court is located. These funds are restricted pursuant to donor requirements. This includes Fund 355.

Law Enforcement Officer's Standards Education Grant

This fund is used to account for funds provided to law enforcement officers for Texas Certified Law Enforcement Officers Standard Education certification that are restricted to be used for education and training. These funds are restricted pursuant to grant requirements. This includes Fund 360.

Juvenile Title IV-E Foster Care

This fund is used to account for federal funds received for eligible juvenile probation children and for administrative costs related to administering the Title IV-E program. These funds are restricted pursuant to grant requirements. This includes Fund 385.

Child Protective Services

This fund is used to account for all monies received by Children's Protective Services ("CPS"). CPS receives money from the County, the State, and from other miscellaneous sources. These funds are restricted pursuant to donor and grant requirements. This includes Fund 390.

Community Development Combined Funds

This fund is used to account for monies received from various housing programs. The majority of monies is received from the U.S. Department of Housing and Urban Development ("HUD") and is to be used for housing rehabilitation projects. The nonspendable portion of fund balance is due to prepaid items. This includes Fund 400.

HOPE 3 Implementation and Program Sales

These funds are used to account for the Hope 3 Planning Grant money received from the U.S. Department of Housing and Urban Development ("HUD") to develop a home ownership program for low and moderate income families. These funds are restricted pursuant to grant requirements. This includes Fund 402.

Child Support Title IV-D Reimbursement

This fund is used to account for monies received for processing child support payments. The amount of receipts depends on the number of child support payments processed. Expenditures from this fund are used for salaries, equipment and other costs related to the processing of child support payments. These funds are restricted pursuant to grant requirements. This includes Fund 410.

Local Law Enforcement Block Grants

These funds are used to account for federal funds that are to be used by county law enforcement agencies for the purpose of purchasing technological equipment and to assist the agencies in their overall operations. These funds are restricted pursuant to grant requirements. This includes Fund 415.

Juvenile Justice Alternative Education

This fund is used to account for amounts received to be used as start-up costs for a juvenile justice alternative education program. If funding exceeds start-up costs, the excess may be used for other costs incurred in operating the program. These funds are restricted pursuant to state statute. This includes Fund 425.

Juvenile Probation - State Funds

This fund is used to account for revenues received from the Texas Juvenile Justice Department ("TJJD"). The funds must be disbursed and restricted for use in accordance with TJJD regulations. This includes Fund 430.

CSCD – Pre-trial Bond

This fund is used to account for fees collected by the County from defendants participating in the pre-trial bond supervision program. The collected fees are used for costs associated with administering the program. These funds are restricted pursuant to state statute. This includes Fund 452.

Adult Probation - State Funds

This fund is used to account for revenues received from the Texas Department of Criminal Justice - Criminal Justice Assistance Division ("TDCJ-CJAD"), as well as probation fees collected by the Fort Bend County Community Supervision & Corrections Department ("CSCD"). The funds are disbursed and restricted in accordance with TDCJ-CJAD regulations. This includes Funds 440, 441, 442, 443, 444, 445, 447, 448, 450, 451, 453 and 454.

East Fort Bend County Development Authority

This fund is used to account for the operating activity of the Authority. These funds are restricted pursuant to state statute with the exception of the nonspendable portion of fund balance which is due to prepaid items.

Internal Service Funds

Employee Benefits

This fund is used to account for allocations from various County budgets and employee contributions to administer the self-funded medical/dental benefits plan. This includes Fund 850.

Other Self-Funded Insurance

This fund is used to account for allocations from various County budgets to administer the self-funded pool for the administration of workers' compensation, property and casualty insurance, and unemployment insurance. Unemployment insurance is administered through Texas Association of Counties' self-funded consortium. This includes Fund 855.

Fiduciary Funds

Agency Funds

These funds are used to account for collections and disbursements of court costs, fees, fines, and other funds due to other entities for which the County serves as the fiscal agent.

<u>Fort Bend County</u>			
Fort Bend County - Direct Obligations			473,004,495 ⁽¹⁾
Total Direct and Estimated Overlapping Debt			<u><u>\$ 6,423,580,247</u></u>

(1) County debt outstanding as of September 30, 2016. Includes the Fort Bend Flood Control Water Supply Corporation debt.

(2) Total Special District Debt includes numerous special districts with varying amounts of debt applicable to the County.

The allocation of the county-line jurisdictions is calculated by determining the ratio of the assessed valuation of taxable property that is within Fort Bend County. This rate is then applied to the outstanding debt of the county-line jurisdiction to calculate the overlapping debt amount.

Source of data: Texas Municipal Reports published by the Municipal Advisory Council of Texas.
